ELECTION RUMORS ARE FEARED IN OTTAWA

STORMS RAKE LARGE AREAS OF U.S.; KILL SCORE

While Southern States Count Tornado Death Toll of Sixteen, Blizzard Sweeps Over Northeastern Region, From Indiana to Atlantic Coast, Causing at Least Six Deaths

Snow in Maine Is 2 1-2 Feet Deep

New York, Feb. 26.—A blizzard swirling over the United States from Indiana east to the Atlantic coast to-day buried almost a quarter of the country under a blanket of snow. Following yesterday's tornadoes, which took a toll of sixteen lives in the "Deep South," the snowstorm raged, causing new fatalities.

Six deaths were attributed to the blizzard, which by noon had added an average of five inches to the old snow in the northeast section, and had laid to rest two inches more before abating to-night.

In Portland, Me., the mounting snow blanket reached a depth of two and one-half feet. Fatalities from the storm included a woman found dead from exposure in Chicago, and an engineer who died in a train wrecked by a snowbank in Mapleton, Md.

SNOWED FOR HOURS
Snow as fine as salt, driven by a northeast gale, whirled for hours over communities that had barely got moving after digging out of last week's big storm faltered under the new blow from the sky.

PLANES GROUNDED
Airplane service was the first to go. Railroad trains were running late. Road transportation was severely hampered. Northeast gales slashed at the coast, especially along New England, imperiling shipping.

A force of 35,000 men labored throughout the night in an attempt to clear New York City streets and keep traffic moving. If only at a small pace. Fear of food shortage spread in Long Island towns. At Northport, L.I., many homes were reported short of milk and groceries.

FIRE ISLAND CUT OFF
Fire Island, off Long Island's south shore, was still cut off from the mainland. Its 100 inhabitants had existed as best they could for ten days of isolation.

A woman froze to death in Philadelphia and another near Barnegat, N.J. In New York a veteran fireman died of a heart attack induced by cold. The snowstorm invaded the south, too, with Richmond, Va., reporting the winter's heaviest fall. Sixteen inches, a season's record, was reported at that city.

U.S. VOTE SOON ON ST. LAWRENCE PACT

Washington, Feb. 26.—Senator Robert M. La Follette of Wisconsin reported to President Roosevelt today he was ready to fix a time for a vote on the St. Lawrence Waterway treaty with Canada and was "very hopeful of a favorable outcome."

BEER AND WINE PLEAS STUDIED

Difficult Problem Presented on New Phase of B.C. Liquor Control

If British Columbia adopts a policy of beer and wine sale in restaurants, the most stringent regulations will be imposed from the start to prevent violation of the spirit of the Liquor Control Act.

The government has made no decision yet on the possibility of legislation covering the matter this session. It was officially stated this morning, but the whole question is being thoroughly surveyed.

It is likely provision will be made, if anything is done, for a local plebiscite on such an issue, in the same way as beer-by-the-glass sale is handled.

In view of the sharp clash between different hotel and restaurant interests on the point, this would be the best way to handle the situation, it is felt. Delegations from both sides have made their representations to Attorney General Sloan and reveal in the main considerable difference of opinion between Victoria and Vancouver.

Hotel and restaurant keepers here reported to be generally in favor. In the Terminal City there is a distinct split. Hotels who have already invested heavily in beer parlors, and have a good deal of competition in this field, are not anxious to see beer-selling privileges widened. Moreover, should the beer and wine sale be adopted, it would mean a new phase of liquor control.

U.S. DOLLAR AT LONDON LOSES

London, Feb. 26.—The United States dollar depreciated 3/4 of a cent here today and closed at \$5.08 1/2, the lowest since 1929. The gold value at \$770,000 was bought for United States account on the open market at 136 shillings, 5 pence (85s. 6d.) a fine ounce, a one-penny decline.

The French franc closed unchanged at 77.41 francs to the pound.

Austria Stirred By Activities of Troops

As Heimwehr units move from place to place in Austria all Europe watches. The soldiers above were receiving ammunition when the picture was taken.

EIGHT BODIES FOUND IN MISSING PLANE AT TOP OF CANYON

Remains of Passengers and Crew Brought Out of Hills Twenty Miles East of Salt Lake City, Utah

Salt Lake City, Utah, Feb. 26.—The wreckage of a giant United Airlines transport last Friday was so swift and sudden, the officials said today, that the eight persons who died did not know what was happening. The plane fell vertically, like a great ball of steel, and struck the ground with such force the engine was embedded in the ground up to the cabin.

"All the bodies were pushed forward," said Leon Cuddeback, assistant chief pilot of the United Air Lines. "The ship did not move after it struck the ground. There was no evidence of fire. Death must have been instantaneous to all." Included in the dead was the pilot, a Canadian. He was Lloyd Anderson, thirty-two, who had been making his home at Cheyenne, Wyo. His Canadian address was unknown here. The others killed were: Miss Mary Carter, Omaha, stewardess; Eric G. Danielson, Cheyenne, co-pilot; J. J. Bierling, mayor of Benton Harbor, Mich.; Marcellus Zinsmeister, Des Moines, Iowa; Evald W. Gerglund, Boone, Iowa; Bert McLaughlin, Perry, Iowa; and E. L. Walker, Rock Springs, Wyoming.

Missing since last Friday, the transport was found wrecked in a snow-covered pass twenty miles east of here, by a flier yesterday afternoon.

IN FORWARD END
A rescue party of company officials which later reached the scene through deep snow found the mangled bodies of the two pilots and five passengers thrust into the forward end of the plane and imprudently.

AUSTRIA SWEEPED BY NUMEROUS RUMORS

No "March on Vienna" Staged Yet, But Heimwehr Units Moved From Point to Point Throughout Republic

Vienna, Feb. 26.—Troops of the Fascist Heimwehr were marching to all sections of Austria to-day, and the increase of rumors was tremendous.

The most sensational of these rumors was that they were preparing to meet Archduke Otto, claimant to the Austrian throne, at the Swiss border and escort him triumphantly to Vienna. Another, equally unsubstantiated, said 40,000 members of the Heimwehr were concentrating along the Austro-German border.

(Turn to Page 2, Col. 2)

MOVE TOWARD RECIPROCITY

Washington, Feb. 26.—President Roosevelt summoned his principal aides to the White House today to outline a foreign trade policy and to draft a tariff-bargaining programme. Attention was focussed in the tariff question. Mr. Roosevelt wants authority to deal on a reciprocal basis with foreign powers.

FAMOUS BALL LEADER DIES

John Joseph McGraw Succumbs to Internal Hemorrhage After Relapse

New York, Feb. 26.—John Joseph McGraw is dead after sixty-one full years of living, and to-day, wherever baseball is loved and its heroes known, his passing is mourned.

Critically ill for seven days with internal poisoning, the fiery former leader of the New York Giants died in a New Rochelle Hospital yesterday at 11:50 a.m. while a group of friends prayed in the corridor outside.

By his side, holding his hand, was his wife, and Charles A. Stuehlem, president of the Giants.

A funeral service will be held Wednesday in St. Patrick's Cathedral. The body will be taken to Baltimore following the service.

An intestinal hemorrhage Saturday night, which came when it appeared he was fighting his way back to health, was the immediate cause of death. Chief factors were internal poisoning and cancer of the prostate gland.

The body was taken to his home in suburban Philadelphia, where he had lived for the last few years. Expressions of regret and condolences came from the ends of the continent, from high and low, rich and poor—baseball fans all.

Pending final decision by Mrs. McGraw, who near collapse, was given a truce and put to bed, there was no public viewing of the body.

FIGHTING LEADER
During his thirty years as the roaring, fighting leader of the most consistently great teams in baseball he won ten National League pennants and three world championships.

It was an ironic touch that McGraw left the Giants just where he had taken them to the greatest heights of the game. He died in a disorganized band in July, 1902—in last place. The story of the rise and fall of this remarkable sports chiefdom of the old school, however, shows he died of a heart attack.

McGraw was a brilliant third baseman, hard hitter and clever base-runner in his playing days. He was a major leaguer at the age of eighteen.

(Turn to Page 2, Col. 6)

A. E. SMITH IS PUT ON TRIAL

Labor Defence League Secretary in Court in Toronto Wants T. Buck as Witness

Toronto, Feb. 26.—Application for the appearance in court of Tim Buck as a witness in the trial of Rev. A. E. Smith, secretary of the Canadian Labor Defence League, charged with seditious utterances, was made when Smith appeared in the assize court here before Mr. Justice A. T. Kelly today.

Smith was charged with seditious utterances following the allegation said to have been made by him to the effect Prime Minister Bennett had ordered the shooting of Tim Buck, Communist prisoner in Kingston penitentiary, during the riots there last year.

Only jurymen and law students were allowed to enter the courtroom. E. J. McMurray, K.C., of Winnipeg, appearing for the Defence League secretary, referred to a clause by which permission is given for appearance as a witness of any man confined to jail or prison in Canada.

Tim Buck, K.C., for the prosecution, was called to the stand.

(Turn to Page 2, Col. 4)

DOLLAR 99 1/2 ON EXCHANGE

New York, Feb. 26.—Leading currencies advanced fractionally against United States funds in today's quiet foreign exchange market here.

The Canadian dollar finished 1/2 of a cent higher at 99 1/2 cents. The pound sterling firmed 1/4 cent to 85.08 1/2.

The French gold franc closed at 6.74, compared with Saturday's final rate of 6.36.

Public Works and Other Moves Said To Indicate Vote After This Session

DEATH CAUSES WIDE REGRET

LATE JOHN J. MCGRAW

SEVEN DIE IN HOTEL BLAZE

Utica, N.Y., Feb. 26.—Six men, and possibly another, were burned to death this morning in a fire that destroyed the twenty-five-year-old Marquette Hotel, here. A four-story structure described by Fire Chief Joseph N. Sullivan as a "fire trap." Only four of the six bodies were immediately identified.

They were: Salvatore Troja, forty, marble worker; Dominick Bellacqua, relief worker; Joseph Paladino, salesman; Peter Gills.

The flames were discovered by C. J. Marone, who operated the hotel. Marone's frantic calls brought to his side his wife and five young children, whom he led to safety down a fire escape.

(Turn to Page 2, Col. 3)

Ice Drifts With 545 Caspian Fishermen

Rescuers Also Try to Save 330 Horses; in Bering Strait 101 Russians Adrift on Ice

By Stanley P. Richardson, Associated Press Foreign Staff

Moscow, Feb. 26.—Facing death from drowning or exposure, 545 fishermen and 330 horses were drifting helplessly on two separate ice floes in the Caspian Sea today, while an airplane from Moscow sped to their assistance.

A sudden rise in temperature Sunday caught 400 men and 190 horses in the vicinity of Dolgiy Island and 140 men and 140 horses near Kullai Island on ice packs which rapidly were swept out to the open sea.

Their plight was described as extremely perilous, because of a lack of food supplies and the fact the ice on which they were marooned was soft.

It was hoped the airplane ANR-5, piloted by an aviator named Yoclanoff, which took off yesterday afternoon from Moscow to locate the marooned men, would be able to drop in food and medicine and direct icebreakers to their rescue. The flying party was due today in Astrakhan, on the Caspian Sea.

IN BERING STRAIT

Meanwhile, a government rescue commission was continuing efforts to find a way of saving 101 persons, including two little children and a number of women who took refuge on a Bering Strait ice floe after their ship, the Cheliuskin, sank February 13.

These survivors, of the ship Otto Schmidt's Wrangel Island expedition were apparently sticking to their improvised camp despite alarming cracks in the ice floe.

The expedition commemorated with the rest of the country the sixteenth anniversary of the Red Army, according to wireless advice received in Moscow. They also completed a signal tower erected to guide rescuers to them. Word to this effect was wireless by Schmidt to Moscow by way of an improvised set hastily salvaged from the sinking Cheliuskin and set up on the ice.

No information was available as to the progress of rescuing the castaways. Plans have been awaiting moderation of the weather to set out for their reported location. Sixty dog teams which started for the spot were forced to turn back last week because of ice conditions.

CAPITALISM DENOUNCED

C.C.F. Fires First Gun in House Calling For New Economic Order

Sounding a call for a "real scientific planned economic system," Harley C. E. Anderson, C.C.F. North Vancouver, delivered a general denunciation of the capitalist order on behalf of the new party in the Legislature this afternoon.

"Capitalism is sinking fast, and drawing with it the civilization which it took centuries to build," he declared. "We are not merely passing through a transitory cycle of depression, we are definitely at the end of a great human epoch. The roads lead either up into the unknown but better status or down into the paths of absolute destruction."

The member for South Okanagan, Dr. J. Allen Harris, had outlined graphically the physical and economic changes which were hastening the collapse of capitalism, Mr. Anderson maintained. He had shown how the increased productivity of every branch of agriculture and industry far outran the possibilities of absorption in the home and foreign markets.

NEW STANDPOINT
The problem is not one of production, but primarily one known as distribution," he continued. "We must review the situation from an entirely new standpoint and recognize the basic principles which are entirely new to many people."

Unemployment insurance, he said, must wait upon the return of better times. Those who hoped that owners or workers in industry would be able to provide sufficient funds to defray the costs of adequate unemployment insurance were doomed to disappointment.

"Not until we alter our concepts of ownership, until we embark upon a planned economy having as its objective the production of commodities for the welfare of the people

(Turn to Page 2, Col. 2)

Observers Also Point to Several Organization Meetings Held Recently By Conservative Members of Commons; Organizer Soon to Be Named

Much Debate On Central Bank

Canadian Press

Ottawa, Feb. 26.—Rumors of a federal general election continue to provide a favorite topic of speculation among political circles in Ottawa.

In some quarters usually well-informed, it is intimated the government is canvassing the situation, and it would not be surprising if the present session of Parliament were followed by dissolution and an appeal to the country.

Shortly after the opening of the present session, Premier Bennett made the guarded reference. "The general opinion of the business people of this country is not that there should be a general election," but he did not commit the government either for or against an election this year.

Although much speculation has continued, nothing has been said by members of the ministry since to indicate when an appeal would be made.

ORGANIZATION MEETINGS
It is known, however, several organization meetings have been held recently by the Conservative membership in the House, and an announcement of the appointment of a Dominion party organizer may be expected at any time.

Senator A. D. McRae of Vancouver, who handled the party's campaign in 1930, has been sought for the same task in the next campaign.

PUBLIC WORKS
A large volume of public works is being planned as a relief measure. Assurance this will be carried out has already been given by Mr. Bennett. It is known the provinces are busy preparing statements and applications of the work to be done. Such a program might be considered the prelude to a general election. In some quarters it is argued the present move is as much a pre-election move as similar programmes have been in the past.

(Turn to Page 2, Col. 6)

NINE STUDENTS DIE IN SLEEP

Theta Chi Members at Dartmouth, Hanover, N.H., Lose Lives After Explosion

Associated Press

Hanover, N.H., Feb. 26.—A furnace tended by an unskilled hand was blamed today for the deaths of nine students, the worst tragedy in the history of Dartmouth College.

They were killed by carbon monoxide gas as they slept early Sunday in the Theta Chi fraternity house. An explosion apparently had disconnected a chimney pipe and the deadly fumes crept through the sixteen-room house.

President Ernest Martin Hopkins asked the grief-stricken undergraduates to observe a day of mourning.

(Turn to Page 2, Col. 7)

ELGAR FUNERAL WAS HELD TO-DAY

Worcester, Eng. Feb. 26.—In line with the expressed wishes of the great composer, there was a minimum of ceremony and barely a score of persons were on hand when the body of Sir Edward Elgar, O.M., was buried today in the little churchyard of St. Wulstan's, by the side of his beloved wife who died in 1924.

The mighty Malvern Hills which Elgar, famed for his "Pomp and Circumstance" marches and other great works, loved so well and among which he created some of his finest compositions, had barely lost their morning mist when the funeral was carried out.

(Turn to Page 2, Col. 8)

Big Demonstration Is Staged In London

Unemployed Marchers Centre of Crowd of 15,000 Yesterday; No Great Disorders; Groups From Provinces Ask Commons Hear Deputation

London, Feb. 26.—London hobbles to-day continued precautions against 2,000 unemployed marchers from the provinces, despite the peacefulness of a demonstration in Hyde Park Sunday.

The main body of marchers, protesting unemployment measures now before parliament, rested to-day, pending the outcome of a petition that a deputation be allowed to state their views before the House of Commons.

In the West Ham police court, where two marchers arrested yesterday on charges of assaulting and insulting a policeman, were remanded for trial, police guarded the entrance and questioned all who entered.

Determined, but peacefully, the 2,000 unemployed from the provinces, augmented by several thousand London supporters, marched to Hyde Park yesterday.

The air was filled with speeches, a couple of hours were consumed in adopting a resolution rapping the National Government and its unemployment bill, and the protesters marched out again—very quietly.

Unfair To Charge West Extravagant

In Many Instances Has Spent More Wisely Than Older Provinces, Says Sir Henry Drayton

"Caught as we are to-day in the fiscal nets of our present taxation, let us at least work for balanced budgets and taxation reduction whenever and wherever possible," declared Sir Henry L. Drayton, chairman of the National Committee on Sound Public Finance, under the auspices of the Canadian Chamber of Commerce, and former Canadian Minister of Finance, in an interview given to The Victoria Daily Times following his arrival in Victoria today.

WEST HAS SPENT WISELY
In his crusade for sound public finance, Sir Henry disclaims any intention of criticising the West in "thrill."

"It is unfair to accuse the west of being more extravagant than other sections of Canada," he said. "Such is not the case. In fact I would say that in many instances the west has spent money more wisely than some of the older provinces."

Sir Henry is accompanied by Samuel B. Gundy, president of Doubleday, Doran and Gundy, Ltd., and first president of the Canadian Chamber of Commerce when it was organized in 1926, and W. McE. Clarke, executive secretary of the Canadian Chamber of Commerce, of Montreal.

"Canada's economic salvation lies in observing the warning signs on our financial highway, and taxpayers generally should realize the actual

(Turn to Page 2, Col. 1)

THINKS GIRL STILL ALIVE

Mrs. Grasely-Bick, Mother of Woman, Says She May Have Lost Memory

Firm conviction that Miss Irene Bick, talented young violinist who was reported missing from the Seattle boat last Thursday, is still alive and suffering from loss of memory after leaving the boat in Seattle without being seen, has been expressed by Miss Bick's mother, Mrs. M. Grasely-Bick, and her sister, Mrs. Pearl Dunn, both of whom are in Seattle.

Mrs. Bick went to Seattle from Vancouver on Saturday in an effort to solve the mystery of her daughter's disappearance. She and Mrs. Dunn believe the strain of overwork in her musical activities caused Miss Bick to suffer a temporary loss of memory.

Officials of the Canadian Pacific and immigration authorities, however, are convinced Miss Bick never landed in Seattle.

Among her properties found in the cabin which she occupied was her immigration card, which, under ordinary circumstances would be presented to immigration men at the Seattle dock. It is practically impossible for passengers to evade presenting their card and for this reason the officials think Miss Bick never landed.

MISS IRENE LONG
DIES ON MAINLAND

The passing of Miss Irene Long in Vancouver on Monday last, following a long period of ill-health that culminated in pneumonia and collapse due to heart failure, has been felt keenly by her many friends here and on the mainland.

Miss Long received her early education in Chester, England, before the family moved to London. There she pursued her musical studies still further, and secured her L.R.C.M. About 1912 Mrs. Long and her daughters came to British Columbia to be near the sons, Arnold and Stanley, the latter now manager of the Royal Trust Company in London, England.

Miss Long was appointed to the staff of St. Mary's School to teach the piano, and for several years occupied this position. She then returned to Vancouver, but came back to Victoria later.

The funeral took place on Wednesday afternoon from St. James' Church, Vancouver, interment being in Ocean View Burial Park. In addition to her two brothers, Arnold, living in London, there is a sister, Mrs. L. A. Finch, living in Vancouver. Mrs. Long died about three years ago.

JOHN THOMSON DIES

Canadian Press
Vancouver, Feb. 26.—John Thomson, forty-five, a fisherman, was found dead in his room in the Balmoral Hotel here Sunday. He is survived by one sister, Mrs. M. Anderson of Victoria. Death was due to natural causes.

THE MAGIC EYE SEES UNERRINGLY

TO SIMPLIFY
LEGISLATION

Calgary, Barristers Study
Overlapping of Federal and
Provincial Laws

Canadian Press
Calgary, Feb. 26.—At the suggestion of Sir Henry Drayton, chairman of a committee of the Canadian Chamber of Commerce which is touring Canada in the interests of governmental economy, the Calgary Bar Association has appointed a committee to study the British North America Act with a view to eliminating the evils of concurrent legislation.

"Canadians should have the right to trade with Canadians subject to one set of laws, one set of taxes, one set of overhead costs, one set of inspectors," Sir Henry told the association Saturday. He declared conflicting jurisdictions were responsible for the "frivolous railway mess."

"We can start in the west because we can get more immediate reaction, more immediate work done, in the west than we can in the east," he said. The Saskatchewan bar has already established such a committee. Those businesses that are Dominion-wide must be under the Dominion and those that are provincial-wide under the provincial laws, and banks are essentially Dominion," Sir Henry said. He cited as an example the case of one Dominion business concern that had to make out 120 government returns before it could carry on business.

BLUE BREAD IN
FRANCE PROTESTED

Associated Press
Marseilles, Feb. 26.—France's blue-dyed wheat, intended for export, has found the way into the hands of the nation's bread, with the result that angry consumers are demanding prosecutions.

Authorities of the government announced twenty-two tons of flour had been ground from denatured wheat, intended solely for livestock, and sold to bakers of the Tarascon region.

No ill effects from the bread were reported, except to the feelings of the consumers, who concluded that, having paid the standard price for their bread, they had been cheated.

ST. MATTHIAS TROOP
Instead of the regular meeting last Monday, a bun feed was held. After the opening, which was taken by P. L. Tom Dalzell, Major Hunter presented Bob Acton of the Beaver patrol with his carpenter's badge. Following some energetic games, Mr. Williams mystified the troop with some very clever tricks of sleight of hand and two of Houdini's knot-tying stunts.

The Cobra were named duty patrol for next week. The first aid class will be held in the district headquarters under the direction of Bob White.

Eye Operated On
But Seal Dies

San Francisco, Feb. 26.—Twenty ounces of ether proved too much for "Blind Ginger," trained seal that has performed before crowned heads of Europe, in an eye operation said to be unique.

The operation took Dr. Arnold S. Chalmers, eye specialist, just three minutes to perform, and probably would have restored the animal's sight. But it required an hour to administer enough ether to put the seal under. The doctor believed Ginger then closed his eyelids, as a seal properly does when diving, and unconsciously committed suicide by shutting out oxygen, solicited by firemen tried to pump into him.

ROBBERIES BY
VANCOUVER THUGS

Police Receive Number of
Reports of Thefts; Three
Men Arrested

Vancouver, Feb. 26.—Three men were arrested and two others were held for investigation as a result of several robberies and house-breakings reported to police here over the week-end.

L. C. Harrison, attendant of the Highland Service Station, Nanaimo Street and Grandview Highway, was held up by two armed bandits operating from an automobile, and robbed of \$200. A large tool storage box, property of the British Columbia Electric Railway Company, was broken into during the week-end and tools and accessories to the value of approximately \$300 stolen. A short time after the discovery of the robbery, police arrested a man of no fixed address and charged him with the theft.

Quick action on the part of officers of a radio car prevented a robbery at a house in the 600 block of Homer Street, when, answering a call, they arrived in time to catch two men in the act of robbing Wallace Wright. The two men were arrested on a charge of attempted robbery.

Thomas Nixon, manager of the Economy Store, 600 block of Kingsway, reported to police the place had been entered by means of forcing the rear door with crowbar, and a quantity of canned goods and cigarettes taken. Two juveniles, who were picked up by police in the vicinity, were held for investigation.

Thieves who entered the home of J. Childs, 900 block Union Street, ransacked the place, and, after falling to find anything else of value, escaped with a mantle radio.

Forcing the basement window, burglars entered the home of Henry Kemp, 2900 block of West Fifteenth Avenue, and escaped with jewelry and personal property valued at more than \$250, according to a police report.

W. D. Cross, 700 block of East Fifteenth Avenue, reported his home entered yesterday, and personal effects and jewelry valued at approximately \$600 stolen.

Thieves who entered the suite of J. R. Palmer, Lee Building, here yesterday escaped with \$12 in cash as well as jewelry valued at more than \$30.

Arrangements have been undertaken on behalf of the Overseas Education League for these visits by G. J. K. Harrison, M.A. headmaster of Abinger Hill School, Surrey.

From July 16 to 23 the party will be in Stratford-on-Avon, where they will be joined by similar groups from France, Italy and Germany. From Stratford they will go to London, where they will stay until August 4, exploring the points of interest of the city.

Eastbourne will be the next stop, where the visitors will remain until August 16, spending an interesting and healthy holiday at St. Winifred's School.

They will finally leave England on August 18 by the C.P.R. liner Empress of Australia.

GAS FUMES KILL MAN
Margo, Sask., Feb. 26.—Gas fumes, seeping from a huge tank he was repairing, brought death yesterday to George Stickney, thirty-seven-year-old mayor of this town. Overcome by the gas, he fell to the bottom of a 19,000-gallon tank and died before a rescue could be effected. He is survived by a widow and six children, including James Adams, with the civil service at Ottawa.

ARCHBISHOP
SCORES C.C.F.

Pastoral Letter Read in All
Churches of Montreal
Catholic Archdiocese

Montreal, Feb. 26.—Condemning the Co-operative Commonwealth Federation movement as "dangerous" and one "bordering on Socialism," Archbishop George Gauthier, in a pastoral letter read yesterday by priests at all parochial masses in the archdiocese of Montreal, said Socialism will always be the precursor of Communism.

Resting as it did on a materialistic conception of the social order which precisely contradicted the anti-Christian character of Socialism, the C.C.F. declared the archbishop, "unquestionably a form of Communism which does not warrant the support of Catholics."

Warning Catholics that parts of the C.C.F. programme were Marxian in color, the letter added Bolshevism was not possible wherever belief in God and the future life existed. "It cannot but live on the ruins of Christian belief."

In the cause of Communism, the archbishop concluded, the world is being divided into two camps: one of those who believe in God and the future life, and who would readily protest against their obligation to support themselves to their obligation.

CHILDREN TO
VISIT BRITAIN

Overseas Education League
Plans Trip to England For
Canadian Boys and Girls

A plan for Canadian boys and girls to visit Britain has been announced by Major Fred J. Nev, M.C., executive secretary of the National Council of Education. The trip will be carried out under the auspices of the Overseas Education League.

The trip is for twenty-four boys of fourteen and under, and the cost of the visit, including third class steamship accommodation and all expenses throughout, is estimated at from \$300 to \$550, according to the number of registrations and the exchange.

Six girls from Vancouver Island will also join the holiday school. These will be selected from nominees of the headmistresses of island schools, and will be under the charge of Mrs. G. Guthrie, 901 Royal Terrace, Victoria.

Applications will only be taken on behalf of boys and girls attending preparatory or similar schools. The trip will be a summer holiday, including a fully qualified nurse.

The party will sail from Montreal by the Canadian Pacific S.S. Montcalm on June 27, due in Southampton July 8. They will proceed immediately to London, whence they will set off in small groups to well-known preparatory schools, where they will be guests for about two weeks.

Arrangements have been undertaken on behalf of the Overseas Education League for these visits by G. J. K. Harrison, M.A. headmaster of Abinger Hill School, Surrey.

From July 16 to 23 the party will be in Stratford-on-Avon, where they will be joined by similar groups from France, Italy and Germany. From Stratford they will go to London, where they will stay until August 4, exploring the points of interest of the city.

Eastbourne will be the next stop, where the visitors will remain until August 16, spending an interesting and healthy holiday at St. Winifred's School.

They will finally leave England on August 18 by the C.P.R. liner Empress of Australia.

BY ARCHITECTS

Canadian Press
Montreal, Feb. 26.—Private architects not at present engaged by the government should be employed in connection with the public works programme recently announced by Premier Bennett, architects attending the twenty-seventh annual convention of the Royal Architectural Institute of Canada here Saturday, affirmed in a resolution to this effect sent the Prime Minister.

W. S. Maxwell, Montreal, was elected president for 1934, succeeding Gordon M. West, Toronto.

The council for the coming year includes William Bow and S. M. Ewing, Architectural Institute of British Columbia.

**Dr. C. B. Ford Left
Estate of \$15,000**

Seattle, Feb. 26.—Dr. Charles B. Ford, well-known Seattle physician and author, died here Saturday, leaving an estate estimated at \$15,000.

According to a petition for letters of administration filed yesterday in Superior Court, Dr. Ford left no will. His son, William P. Ford, was appointed administrator by Judge William G. Long at the request of the widow, Mrs. Vera G. Ford, formerly Mrs. Vera Hutchings. Dr. Ford is survived also by a daughter, Mrs. Catherine D. Fiorini of New York.

Young People's
Church Societies

ST. ANDREW'S Y.P.S.
To-morrow evening the St. Andrew's Presbyterian Young People's Society and the Chinese Presbyterian Young People's Society will meet in debate in the St. Andrew's School Room at 8 o'clock sharp. The subject of the debate will be "Resolved that newspapers are detrimental to the English language in B.C." All young people are urged to attend this interesting debate.

At the regular meeting of St. Luke's A.Y.P.A. arrangements were made for a concert to be held in the parish hall on March 9. An interesting programme has been arranged, and good talent has been engaged. Tuesday evening Dr. Hewitt will speak on his experiences as a doctor and a missionary in India. This will be in the parish hall at 8 o'clock. The public is cordially invited to attend.

OBVPA CLUB
The regular session of the OBVPA Club of Oak Bay was held on Tuesday evening in the parlors of the Oak Bay United Church. The vice-president, David Stott, conducted the meeting. After the opening hymn Miss Estelle Clarke led the members in prayer. A communication was read from President and Mrs. Walter Housley and others dealing with club activities. Vera G. Ford, formerly Mrs. Mae Burden.

An address on the lumber industry was given by Mr. Hanna, retired lumber superintendent. He told of the methods used in the old and the modern lumber camp. Timber cruising and piling was described. He also told of the great damage done when burning slash. The speaker claimed that modern methods now being used have caused great havoc to the timber stands of British Columbia and he suggested that something should be done to stop the ruthless destruction of the forests before it is too late.

A vote of thanks was tendered the speaker on behalf of the club by David Stott.

Next week's meeting has been cancelled owing to the oratorical contest which is being held under the auspices of the Young People's Union of Victoria Presbytery at Metropolitan Church next Tuesday evening. Oak Bay young people are asked to meet at the OBVPA Club rooms at 7:45 o'clock and proceed in a body to the Metropolitan Church.

**U.S. ARMY AIR
CORPS INQUIRY**

Associated Press
Washington, Feb. 26.—Representative Clarence McLeod, Michigan Republican, intends to ask for a congressional investigation of the army

air-corps as a result of the series of fatal mishaps that have overtaken army aviators flying the United States mail.

His resolution provides for a special inquiry committee of five members, to ascertain the condition of planes and equipment as well as the training facilities of the army.

"If charges are true that army pilots are compelled to transport air mail in out-of-date, improperly equipped planes," McLeod said, "the continuance of a policy which cost the lives of six officers within the first eight days of air mail flying by the army would constitute nothing short of legal murder."

**REVOLT NIPPED
IN EAST INDIES**

Associated Press
Amsterdam, Feb. 26.—The revolutionary plot to upset the Dutch government in the East Indies was reported as disorganized yesterday by Mohammed Hatta, the reports said, and other members of the executive committee of the powerful and radical national Indonesian party had been arrested.

Ask any
man of
50

ANY middle-aged man will tell you how swiftly the years pass after forty. All too soon middle years have gone the way of youthful ones—and with them middle age's opportunities. Old age approaches. Too late then to start plans for an income for declining years—those years when earning power is greatly reduced, or even gone.

A Manufacturers Life Endowment Policy providing a secure income at age 55 or 60 or later, is within the means of the young man of even moderate income.

Unofficial Uniforms
Banned In Ireland

Gen. O'Duffy's Blue Shirts
and Irish Republican
Army Are Hit By New
Free State Measure

Dublin, Feb. 26.—Even publication of pictures or photographs of persons wearing the prohibited uniforms, is forbidden by the Free State government's bill banning the wearing of uniforms by any other than the Free State national forces. This was revealed with issuance of the text of the bill at the week-end.

The bill got first reading in the Dail Eireann last Friday evening after a stormy session. It makes it unlawful for any person to wear any uniform or order indicating support of a political party, and prohibits the wearing of uniforms by political parties.

The carrying of any weapon, including sticks or clubs, at public meetings and processions is also banned.

The measure generally is considered as aimed at the Blue Shirts of Eoin O'Duffy, though it equally applies to President de Valera's other antagonists, the Irish Republican Army. Gen. O'Duffy has characterized it as indicative of the "desperate" state to which the President has been driven.

MINISTRY'S POWER
Complete power is given the Executive Council to declare unlawful any association within the meaning of the act, and the council's decisions in this respect may not be questioned.

Furthermore, the Civic Guard, under its provisions, may arrest any suspected person without warning. Accused persons may be brought before a district court, against whose decision there can be no appeal. Penalties for the first offence include a maximum fine of £125, or three months' imprisonment.

High School Notes

W. A. Roper, physical instructor, yesterday released the line-up of the P.T. team to perform on March 9, when the annual gymnastic display will be presented. The students gaining a place on the team are as follows: Leavitt, Gregory, Leighton, Langdon, Fields, Miles, Volo, Bucklin, Stewart, Butt, Lawson, Hummerstone, Mayne, Stevens, McLaren, Lowe, McCall, Pepper, Williams, Green, Horne, Day, Heister, Webster, Robinson, Gaetz, Laver, Parker, McCoy, Lanigan, Baker, Roberts, Lovell, Dawson, Robertson, Slater, Guelph, Crawford, Mason, Varney, Tyrell and Tate.

An amusing basketball game between the teachers and prefects will be held in March 20 in the gymnasium.

Two important soccer fixtures are billed for next week. On Wednesday a light V.H.S. team will meet an Oak Bay High team, and on Thursday a battle with a Hillside club is scheduled.

Members of the boxing and wrestling clubs were obliged to undergo a physical examination on Wednesday before they could enter any contest. Dr. Donald examined the club members and judged all but one

physically fit. The following boys are eligible to contest for school titles: Gregory, Embry, Winsby, Fields, Mason, Cosier, Macsall, Shepherd, McLaren, Woodward, Patterson, Love, McKim, Henry, Young Kimoto, Hey, Holt, Johns, Bridge, Neilson and Holstein-Rathbon.

In this week's game of inter-divisional soccer, divisions fourteen and thirty-two drubbed divisions seven and eight to the tune of a 3 to 0 defeat.

The formation of a tennis club is under way. This club will be composed of both girl and boy students, and teams will be chosen from the members to meet outside institutions.

The Camosun Players presented "Wings of Life" in the auditorium last Wednesday. A fine performance was given with the school orchestra assisting.

A meeting of the Dramatics Club took place on Tuesday afternoon in Room 18. Miss E. Cameron, director of the Matric Play, discussed the roles with the players. The following twelve students will try for the six vacant parts: Mary Smyth, Doreen Palmer, Greta Hedden, Opal Abercrombie, Carol Boyer, Joyce Groggin, Peter Jones, Dave Tuck, Joe Philipson, Ormond Morrison, George Gregory and Lee Leighton.

An interesting debate, "Resolved that Algebra is a better subject than Geometry," formed the major part of this week's meeting of Beta Delta. Owing to the debaters' familiarity with their subjects, some very amusing arguments were brought forth. The affirmative was taken by Ray Stevens and Ernie Bishop, while the negative was upheld by Mun Hope and Edwin Bucklin. The affirmative proved victorious.

A committee of four were chosen to make arrangements for a banquet to be staged in the near future. The committee, chosen were: Clive Thomas, Ernie Bishop, P. Leighton and Joe Philipson.

Mount View proved superior in badminton last Wednesday, when they won from the High School girls 4 games to 3. The results follow: L. L. Bell and L. Bell defeated P. McDonald and C. Jesse 2 to 0, J. Finch and C. Boyer defeated J. Waddell and J. Caldwell 2 to 1, P. Totham and M. Graham defeated K. Unsworth and E. Jesse 2 to 0, P. McDonald and C. Jesse defeated P. Totham and M. Graham 2 to 0, L. Bell and L. Bell defeated K. Unsworth and P. Jesse 2 to 0, J. Waddell and J. Caldwell defeated P. McDonald and C. Jesse 2 to 1, J. Finch and C. Boyer defeated P. Totham and M. Graham 2 to 0.

Four interesting speeches were given at the weekly meeting of Portia, held on Thursday afternoon. Barbara Winslow gave a delightful biography of Elizabeth Fry. Sybil Crawford described a day in a strawberry patch, the beauties of Taj Mahal were told by Barbara Waley, while Dorothy Warren spoke on the splendours of the Forbidden Palace. Miss N. Holroyd judged and offered constructive criticism.

The soccer match carded for Friday was postponed till a later date.

The Victoria High School hockey team journeyed to Oak Bay Thursday afternoon to receive a 5 to 2 defeat at the hands of the Oak Bay team. The following: L. Harris, E. Ford, G. Stewart, E. Miles, P. Rhodes, J. Wilson, M. Unsworth, W. McMillan, E. Draper, P. Brockington and J. O'Rourke.

A dance sponsored by Division I was held Friday afternoon in the school gymnasium. Jack O'Neil and his orchestra supplied the melodies and "Blue" Thomas the vocal refrain. During intermission a humorous dance by Georgina Dowdall was well received.

U.B.C. NOTES

Special to The Times
Point Grey, B.C., Feb. 26.—Over 200 students turned out at a noon-hour anti-Fascist meeting organized by a group of students as a result of a number of lectures delivered in the last week or so by the visiting Italian speakers.

A lecture on "The Philosophy of Fascism" was given by A. W. Stephens, Vancouver novelist and poet and student of social problems, and a strong indictment of the Mussolini regime was presented. Through the use of Italian textbooks and the writings of Mussolini himself, the militaristic and imperialistic nature of Italian Fascism was described.

Fascism was the last stand of a decaying system, said the speaker in denying that the corporate state existed.

The Mussolini idea of a joint standing committee between employers and employees was known both in Great Britain and Canada, he pointed out.

A cast-iron dictatorship of a party with one man at the head, which holds capitalism in force till the contradictions within the state blow it to pieces, was Mr. Stephens' description of the corporate state.

It might be said authoritatively that the moving force behind the sponsors of the meeting was a growing resentment among many students of the recent policy of the National Council of Education in bringing to the university speakers who do not represent the new approach to things which the students are demanding.

Ellis Todd, as the Lord High Executioner, and Miss Eleanor Walker, as Katsha, were two of the big favorites in the U.B.C. Musical Society's presentation of "The Mikado," which was done surprisingly well.

Both of these students are from Victoria. Mr. Todd brought a great deal of wit, both through action and vocal accent, to his part, and Miss Walker gave a talented performance as the formidable Katsha.

"The Mikado" was presented on Wednesday, Thursday and Friday last with Calium Thompson as Nanki-Poo, Alvin Bone as Yum-Yum, Gordon Stead as the Mikado, and Gordon Stead as the Mikado, and Gordon Stead as the Mikado.

Thursday next marks the Co-Ed ball in two rooms of the Hotel Vancouver, when the girls take the men students and provide the tickets, transportation and the amenities. This ball is a feature of the university term.

With official recognition now having been given, all Faculty teams wearing the blue and gold will bear the name of "Thunderbirds." This name was chosen after a popular vote.

A human skull and a few bones, believed to be those of an Indian, have been uncovered by workers from the University Area relief camp. The skull and bones were unearthed close to the police office at the university. It was found in a clam-shell deposit and is believed to be about 100 years old.

SPECIAL FEATURES IN HOME FURNISHINGS FOR THE LAST DAYS OF FEBRUARY SALE

Quite a choice of styles! Sizes 34 to 44. Each, **\$1.95**

—Whitewear, First Floor

If you haven't any such capital—

~this Bond will supply the income when you wish to retire

\$100 a month for as long as you live—would be a pleasant prospect to look forward to. It would be a good thing to have NOW—but most of us are not possessed of the ready capital.

Later on, when you reach age 55, 60 or 65, however, you will feel the need of such an income far more than when you are young or middle aged and your earning power is still with you.

Why not "buy yourself an income" to commence later on, at the age you decide?

Do it out of the amount you can readily save each year. A few little superfluous luxuries done without—holding on to the occasional dollar that slips away, you hardly know how—will accomplish this vital object.

No medical examination is required to secure an Imperial Pension Bond. Send the Coupon below to bring you full information.

Detroit Strengthens Hold On Division Lead In National Hockey

THE Weiland Stars In Sports Overtime Victory Over N.Y. Amerks

Hans Lobert Will Return to Major Baseball Wars This Season.

Aurel Joliat Has Hockey Style That Few Could Ever Imitate

Chinese Golfer Makes Good Showing In Coast Winter Tournaments

AN EARLIER and more colorful baseball day will be recalled when Hans Lobert, star of other years, steps out on the lines to coach the Philadelphia Nationals. Hans, old-time Cincinnati and Philly star, was one of the fastest men of his day. He could bunt the ball and get down to first base in three and two-fifths seconds. Hans and Orvie Overall of the old Chicago Cubs were close friends. But that didn't mean a thing when Hans was pitching hitting to be done. One year the Cubs and Reds met in a game that would practically decide the pennant chances of the Chicago club. The Reds were going nowhere in particular, but if the Cubs won the game, they would certainly go into the world series.

In the ninth inning of the game, Lobert came to bat against his pal, Orvie. With two men on base, two out and no score. A hit from Lobert's bat would take several thousands of dollars of world series money right out of Orvie's pocket. It would have been pretty easy for Lobert to strike out that day. Overall was in his best form and when the big fellow had that overhand fast ball working, good batters didn't have to be ashamed of striking out. It was strictly up to Lobert. He knew there were wise guys in the stands who were expecting him to take his three swings and go back to the dug-out. Lobert's friendship for Overall was well known. The Cincinnati fans remembered they had seen the two men together whenever the Cubs came to town.

Suppose Lobert did strike out. Cincinnati would not suffer. The Cubs would win the pennant and Hans' best friend would get a share in the world series spoils. There would be plenty of people who believed Lobert had not intended to whiff, for his reputation as a square shooter was pretty high. But what would Overall think? There was the rub. What would his old pal think if he saw Lobert strike out? Lobert made up his mind quickly. To strike out would be to play unfairly not only to the fans but to the game and with himself, but with Orvie, too. Lobert decided he would hit that ball if it was the last thing he did. He milled away and took the first one pretty easily. Many major league batters let that first one ride and often it is a strike. But Lobert carried his momentum to the point where he even decided to outguess Overall by hitting the first one.

As Orvie wound up, Hans got set. It came down into the groove and Lobert snaked it for a clean single. Hobbslet scored the winning run. Then Hans swung over and put his arm on his friend's shoulder. They walked to the bench thus, together. Both understood.

Aurel Joliat, who has been enjoying such a brilliant season with the Montreal Canadiens in the National Hockey League, has a style definitely his own. He learned it from no one and there are few who could ever successfully imitate it. Those swooping darts of his, those gliding, twisting swirling motions that carry him past a defender like a winged angel along in a November wind, are Joliat's hockey patents, filed and registered by him years ago and since improved upon by no one.

Inside a rearward he rifles a shot that springs from his stick like the poisoned jets of a hooded cobra. He is one of the few players that hockey knows to-day who feel their to be the most perfect of the game. McCoe and other heroes of a past hockey era, fellows who could fire a puck from their sticks without telegraphing a single motion to a goaltender.

He has packed that trail frame of his through a thousand hockey wars and he still is sound in wind and limb. Many burly defense men have tried to lay their weights into Joliat, but when they delivered their punishment he had departed for other parts with the speed of a housefly eluding a heavy-handed camp cook. In a whole season he probably takes less bumps than the ordinary forward meets in a half dozen games. Opposing wings have gone looking for a piece of Joliat but when they get around to where they last saw him he wasn't there to take it.

He has a Chinaman's chance! His name is Guinness Kop. He was born in China, he lives in Honolulu. And he is the professional golf champion of the Hawaiian Islands. For two months he has been one of the most popular men on the winter golf trail along the Pacific coast. He financed himself coming across 2,000 miles of water to battle the world greatest golf winds.

Kop weighs only 145 pounds, stands five feet eight and a half inches, and speaks both English and Chinese fluently. He is married and has a son who some day, he hopes, will win the United States open championship. Guinness began his golf career as a caddy for Francis I. Brown, former California amateur champion. In Honolulu they now call him the Chinese Baby Jones.

Makes Plays For Both Goals in 2 to 1 Win; Lepine Hero As Canadiens Win

RANGERS SUFFER B.I.D. TROUNCING

Montreal Canadiens strode ahead of New York Americans into a playoff position to-day thanks to Pete Lepine, their tall centre, for a scoring spurge that brought them three goals and an overtime victory over Chicago Black Hawks.

Pete, who was born in Ste. Anne De Bellevue, but moved into Montreal, where hockey opportunities are greater, had scored only five goals in thirty-nine games this season before he stepped out and beat Tommy Gorman's team almost alone, Saturday night.

Working on a newly-formed line with Johnny Gagnon and George Mantha, Lepine was clicking perfectly the whole line outbore the first string of Howie Morenz, Aurel Joliat and Wildor Laroche.

Coupled with Detroit's 2 to 1 win over Americans yesterday, Canadiens' 3 to 2 win from Hawks left them in undisputed possession of third place in the National Hockey League's Canadian division rivalry.

Yok Rangers and Chicago both lost games, left the Red Wings with a tie-point edge over both the United States division rivals. The New Yorkers dropped a wide-open game to Toronto 5 to 3 Saturday night while Ottawa Senators were breaking the season's scoring record with a 9 to 4 win from Boston Bruins at the capital.

MAKES IN FRONT Johnny Gottselig's first-period goal for the Chicago a good start in the Montreal game and they held it until early in the second period, when Lepine evened things up with his first goal. Lepine's goal was taken early in the third but Paul Thompson got the goal back again, sending the tilt into overtime.

Little more than two minutes of extra time had been played when Gagnon whirled down the right side and passed to Pete, who the feinted cleverly and then snipped the puck high into the far corner of the net.

Rangers, who have been reported as not over-anxious to make Toronto for the N.H.L. title, are probably less so to-day. The Canadian division leaders were four corners in the second before Earl Selbert scored for the New Yorkers.

Frank Boucher scored the third goal for New York in the final session when Leafs picked up another two goals. Frank Glancy and Harvey Jackson each got two of the Toronto goals and Primeau and Charlie Conacher one.

Boston were another outfit to start well and finish up on the short end. After Red Smith and Marty Barry had given the Bruins a two-goal lead in the first session, Ottawa won four goals before the period ended, picked up two in the middle frame and added three in the third session. Barry got another goal for the second period and Alex Smith snared Boston's other major.

Earl Roche, Jerry Shannon and Nick Wasche each fattened their goal for both Detroit goals against Americans. Deed Klein netted a pass from Bill Brydge in the second period for the first goal of the game and Sorrell tied it up in the third on Cooney's pass.

Herb Lewis got the winning goal from Weiland's pass in the overtime session after a five-man attack. Penalties—Rangers 1, Canadiens 2. (Ripley) 2:05; 2, Toronto, Primeau 3:41; 3, Toronto, Boll, 13:04. Penalties: Heller, Leue.

National Hockey League Leaders

CANADIAN SECTION
Section—Toronto Maple Leafs, played 40, won 22, lost 9, tied 9, points 53.
Points—Charlie Conacher, Toronto, 45.
Goals—Conacher, Toronto, 28.

Penalties—Lionel Conacher, Chicago, 67 minutes.
Shut-outs—Charlie Gardiner, Chicago, 10.

ST. GODARD WINS HONORS

Famous Canadian Dogsled Driver Retains His New England Championship

East Jaffery, N.H., Feb. 26.—Emile St. Godard retained his New England sled-dog championship by driving his crack team, led by the heavily-muzzled number one husky, "Toby" over the last twenty-mile leg in 1 hour, 35 minutes and 2 seconds yesterday.

Total time for St. Godard was 4 hours, 57 minutes and 30 seconds for the sixty miles run in three days. Second to finish was Roger Haines in 5 hours, 10 minutes and 42 seconds. Third place went to Nat Budget, driving a team from the Chinoak Kennels at Wonalancet, who finished in 5 hours, 33 minutes and 42 seconds.

Mrs. Moseley Taylor, only woman in the race, finished fourth in 6 hours, 15 minutes and 1 second for the sixty miles. She drove her husband's second team.

BLUE RIBBONS WIN IN WALK

Local Cage Champions Whip Port Angeles 55 to 25; Chinese Defeat Taiyos

Blue Ribbons, Victoria's Canadian basketball champions, got a good workout at the Victoria High School gym on Saturday evening in defeating the Port Angeles Elks 55 to 25. The national titleholders had no trouble adding another victory to their rapidly growing list and after taking a lead in the first quarter were never in danger. The visitors tried hard but they were outclassed. In the preliminary game, the Chinese Students took the victory over the Taiyos in a 45 to 25 score.

The victory of the Ribbons was featured by the return of Art Chapman, smooth working centre, who has been out of the game for a month with a sprained ankle. Chapman was only in the line-up for about ten minutes, but he appeared fully recovered from the injury. The big fellow got great hand from the fans when he trotted on to the floor. Another highlight of the game was the return to form of George Robertson, who had been out for eight points and his passing and floorwork was much improved. All in all, it was a fine game and the Ribbons were well deserved winners.

GOOD COMBINATION The tea and coffee boys turned in one of their best performances this season in the matter of combination and ball handling. Majority of the shots that were gained from the ball was whipped around in great fashion. At the end of the first quarter, the Ribbons were ahead 9 to 3 and by half-time they had built up a 27 to 10 margin. They continued the scoring spurge in the third quarter with the result they held a 40 to 19 edge at the three-quarter mark.

The teams and scores follow: Blue Ribbons—Craig 2, Martin 12, Robertson 8, A. Chapman 4, Imrie 12, C. Chapman 10 and Ross 6. Port Angeles—Heimberger 1, Hickey, McLaughlin 3, Rupert 8, Zimmerman, Naylor 9, Gooderberg 3 and Kongsley 1.

Chinese Students—W. Leiz, 12, Chan 10, P. Lowe 2, P. Joe 3, G. Lowe 16, C. Lam, W. Lowe, C. Nipp 2, P. Nipp, H. Tong, J. Kongsley 1. Taiyos—Akihawa, Ishida 8, M.

Peden-Georgetti Lead In New York

Victoria Bike Rider and Partner Move to Front Early; Two Riders Injured

New York, Feb. 26.—Torchy Peden, red-headed Canadian from Victoria, B.C., with his partner, Franco Georgetti, shared the lead with two other teams in the six-day bike race in Madison Square Garden to-day.

The sprints at 10 o'clock this morning were delayed forty-five minutes when Norman Hill crashed against the infield rail and wrrenched his back. He was carried off the track and, after medical aid, returned to the grind. Ewald Wissel also cracked up shortly after midnight and resumed riding after a splinter had been removed from his leg.

Standings follow:
Miles Laps Pts.
Georgetti-Peden 233 9 61
Rebello-Severgnini 233 9 49
Debaets-Thomson 233 9 38
Brocardo-Guimbretiere 233 7 70
Wissel-Schow 233 7 55
McNamara-Lands 233 5 32

Pat Parr's Grass Hockey Squad Humbles Up-Islanders in Second Clash

JOKERS WIN CUP SOCCER

Reach Local Final of O. B. Allan Cup Series By 3 to 0 Victory Over Royal Oak

Handing Royal Oak, their toughest opponents, a 3 to 0 defeat Saturday afternoon at Victoria West Park, Jokers' Junior football team advanced to the local final of the O. B. Allan Cup series. The winners, presented a stonewall defence which literally broke the hearts of the Oaks' front line sharpshooters. Next Saturday the Jokers will meet Equilmalt in the local final.

Playing in the Brown Cup series, James Island trounced Oaklands 8 to 1 at James Island, while Equilmalt and north Saanich battled to a 4 to 4 draw at Bullen Park.

Play opened at a fast clip in the Jokers-Royal Oak match, with each goal being attacked at intervals. Oaks had a tough break in the early play when George Payne's sliding drive hit the framework. Taking up the offence, Jokers broke into the score column when Gelling accepted a pass from Politano and banged the leather into the net. Shortly after Bell outwitted the Oaks' defence and placed a hot shot out of reach of Robins. Royal Oak net minder, for the final marker of the first half.

Fighting with their backs to the wall, Royal Oak opened the second half play on the offensive. Time and time again their forwards swooped down on the Jokers' goal, but Kennedy and Rickinson, sturdy defenders, repelled all attacks. Restall, Jokers' net custodian, was called upon to make a number of difficult saves during this heavy attack.

The attack finally halted, Jokers took up the offensive and garnered their third goal and the last of the match, when Alex Speller scored with a long drive. The final whistle sounded shortly after with the Jokers on the long end of a 3 to 0 score.

The teams: Jokers—Restall, Kennedy, Rickinson, Kennedy, Speller, Bell, Gelling, Campbell, Politano, Stewart, Royal Oak—Robins, Gifford, Stoffer, Moore, G. Robbins, Gibson, Hodgson, Barnswell, Halbert, J. Payne and G. Payne.

YOUTH WINS SKI HONORS

Three Rivers, Que., Feb. 26.—A slim youth, of sixteen years, "Punch" Bott, Montreal Ski Club, yesterday sailed through the air on the Cap Ancon Hill of the Three Rivers Ski Club to defeat an international field and capture the 1934 ski jumping championship of Canada.

Ambrose C. Lund, St. Paul, Minn. Ski Club, defended his title, but fell on his first jump. The next time he hit the 130-foot mark. His good style added many points to his ultimate total of 221.50. Punch won the eleven-mile cross-country crown.

Punch Bott is the youngest skier ever to hold the Dominion jumping title. On his first jump, Bott landed 121 feet down the steep hill. The next time he hit the 130-foot mark. His good style added many points to his ultimate total of 221.50. Punch won the eleven-mile cross-country crown.

Parry's Restall, Kennedy, Rickinson, Kennedy, Speller, Bell, Gelling, Campbell, Politano, Stewart, Royal Oak—Robins, Gifford, Stoffer, Moore, G. Robbins, Gibson, Hodgson, Barnswell, Halbert, J. Payne and G. Payne.

PORTLAND IN DECISIVE WIN

Portland, Ore., Feb. 26.—Portland Buckaroos were still in cellar position in the Northwest Professional Hockey League to-day with no hope of gaining the playoffs, but the Rose City sextette had the satisfaction of having handed the second-place Edmonton Eskimos one of the worst defeats any Pacific Coast team has ever taken.

Trail, Feb. 26.—Trail Juniors are again hockey champions of British Columbia. They won the title in two straight games against the Vancouver Vics led by Herb Penneck. On Thursday the Vics dropped a game 9 to 3 and on Saturday night Trail triumphed again by a 4 to 2 score.

Fred Painter Wins Handicap Title In Winter Golf Event

Gorge Vale Youngster Defeats Howard Reid 3 and 1 in 36-Hole Final

Fine Tourney Is Brought to Close

Possession of the handsome E. W. Beatty Trophy, representative of the men's handicap championship of the Empress Hotel mid-winter golf tournament, passed into the capable hands of young Fred Painter, Gorge Vale Club, on Saturday, when he defeated his clubmate Howard Reid 3 and 1 in the thirty-six hole final over the Colwood links. After finishing all square with his opponent at the end of the morning round, Painter stepped out in the afternoon to blast his way to a brilliant victory. The final attracted a large gallery.

Painter succeeds another Gorge Vale member, H. H. Allen as champion. Saturday's play brought a tie tournament to a close. The event was marked by a record entry list and competition of the keenest nature. The week's play was run off under ideal weather conditions, and the players and officials voted the meet a grand success from every angle.

PLAY GOOD GOLF Painter and Reid both played excellent golf in the final, but the five strokes Reid had to give his young opponent proved too much in the second round. On the morning round, Painter shot a 78 and Reid a 78. For the first time in the afternoon Painter had a 38 and Reid a 37. Painter received strokes on the third, fifth, sixth, tenth and fourteenth holes on each round.

The pair started the afternoon round by halving the nineteenth in five, on the twentieth Reid got his par four to win the hole when Painter needed one stroke more. Using his stroke to advantage, Painter captured the twenty-second hole, and Reid gave him a four. Reid gave Painter the bunker to get a four and win the hole on the twenty-third and a lead of one up. At the twenty-fourth Painter pulled off a great shot from the bunker to get a four and win the hole on the twenty-fifth and a lead of one up. Reid gave Painter the bunker to get a four and win the hole on the twenty-third and a lead of one up. Reid gave Painter the bunker to get a four and win the hole on the twenty-third and a lead of one up.

PAINTER IN FRONT Both scored birdie fours at the thirty-second, but Painter won the hole with the aid of a score. Painter boosted his lead to two up with a par three at the thirty-third while Reid was taking a four. The thirty-fourth was halved in five, and Reid gave Painter the thirty-fifth and the match after he had caught a trap with his second when Gelling accepted a pass from Politano and banged the leather into the net. Shortly after Bell outwitted the Oaks' defence and placed a hot shot out of reach of Robins. Royal Oak net minder, for the final marker of the first half.

Fighting with their backs to the wall, Royal Oak opened the second half play on the offensive. Time and time again their forwards swooped down on the Jokers' goal, but Kennedy and Rickinson, sturdy defenders, repelled all attacks. Restall, Jokers' net custodian, was called upon to make a number of difficult saves during this heavy attack.

The teams: Jokers—Restall, Kennedy, Rickinson, Kennedy, Speller, Bell, Gelling, Campbell, Politano, Stewart, Royal Oak—Robins, Gifford, Stoffer, Moore, G. Robbins, Gibson, Hodgson, Barnswell, Halbert, J. Payne and G. Payne.

Tilden-Vines In Another Victory

Boston, Feb. 26.—The United States professional tennis team of Bill Tilden and Elsworth Vines continued their triumphant tour to-day after turning back the French rivals, Henri Cochet and Jean Borotra, in straight sets in two singles matches at the Garden Saturday night.

Morrison-Lawson Take Golf Match

In the thirty-six hole exhibition golf match played yesterday at the Colwood club as a wind-up for the sixth annual Empress Hotel mid-winter tournament, Bob Morrison and Ken Lawson defeated Alan Taylor and Ralph Whaley, Seattle, 1 up, after an interesting match. At the end of the morning round, Morrison and Lawson were 4 up, a large gallery followed the players.

Portland Club Is Fined \$300

Action Taken on Recent Hockey Brawl; Suspension on Manager Rowe Lifted

Portland, Ore., Feb. 26.—The Portland Club of the Northwest Professional Hockey League to-day had been fined \$300, suspension against Manager Bobby Howe and two Portland players had been lifted, and it was indicated that the Portland-California game here Wednesday night, which led to the suspensions, might be replayed.

Dr. Gordon Leitch, president of the league, announced on action would be taken against Rowe by the league for pulling his team off the ice Wednesday after several fights among the players and following two attacks on the referee.

Nap McNeill and Rusty Hemminger, who were suspended for attacking Referee John Bennett, were fined \$50 and returned to the Portland lineup.

Dr. Leitch added that the lifting of the suspension on the two players was on the condition upon their action in the remaining games on the schedule and another outcropping of their actions Wednesday would draw an indefinite suspension from organized hockey.

Manager Rowe and Gordon Savage, captain of the Calgary team, have both requested a review of the action in the remaining games on the schedule and a decision will be made by the league officials. It is now up to the league officials.

PAIR TIE FOR LEAD IN GOLF

R. E. Tebo and A. R. McMillan Score Net 68's in Feesey Cup at Uplands

Turning in net scores of 68, R. E. Tebo and A. R. McMillan tied for the medal honors in the eighteen hole qualifying round of the Feesey Cup competition at the Uplands Golf Club yesterday.

Tebo had a gross score of 89 and McMillan a 97. They will meet in a play-off for the honors on Saturday at 2 o'clock. Seven scores of 73 tied for the last five places and the four players last in will play a preliminary round, match play, to decide who shall remain in the regular first-round of match play on March 4.

Scores follow:

Player	Net
R. E. Tebo	68
A. R. McMillan	68

Canadian Rugby Football Final Awarded To West

Canadian Rugby Union Decides to Alternate Final Between West and East

NEW RULES FOR POINT SCORING

By Elmer DuMaze Canadian Press Staff Writer

Toronto, Feb. 26.—Football will take its inter-sectional spectacle into the west for the first time in 1934 and operate with a couple of new-fangled scoring tricks that are sure to cause much wrangling of brows in October.

At its annual meeting here Saturday, the Canadian Rugby Union ordered the senior Dominion final to be played next fall on the home grounds of the western champions, and decided the classic will alternate between east and west thereafter as long as one region enters a challenge.

Ever since 1921 the west has fought vainly for the national championship, always coming east for the finals and always losing. But the threat from the other side of the Great Lakes has been becoming more serious of late.

Dr. E. A. McCusker, Regina, elected president of the C.R.U. in succession to T. Hicks Miller, Montreal, made the stand of Western Canada Rugby Football Union very clear at Saturday's meeting. It was a question, he said, of whether the west was given the final in alternate years or United States football supplanting the Canadian game. The delegates decided

"Red" Tellier Is Reinstated

Toronto, Feb. 26.—The Canadian Rugby Union in annual meeting here during the week-end unanimously voted to reinstate "Red" Tellier, former Montreal "Big Four" snapper, who drew a life suspension after an attack on a Regina player, George Gilhooly, in the 1931 final.

The motion to have Tellier reinstated was made by Charles B. Snelling, Ottawa. Snelling said Tellier had been out of the game two years and he wanted to "remove the stigma."

It was preferable that the west be kept within the fold.

At the same time, the C.R.U. put an end to junior Canadian championship games. In the future the Dominion organization will not sponsor intermediate or junior play-offs between champions of the three divisions—western, central and eastern. These contests have always been financed by revenue from the senior games and just now the C.R.U. is in a bad way financially.

The delegates decided that if a league champion wished not to continue in the Canadian playdowns it must notify the C.R.U. of its intention in good time or be penalized \$300. University of Toronto withdrew from the playdowns last fall.

One new scoring regulation adopted by the rules committee for 1934, eliminates the safety touch, which counted two points. If a ball-carrier is thrown back over his own goal-line next session, it will count as a rouge and the team scoring will earn only a single point.

The delegates also moved to curtail out-and-out long-distance kicking. It will still count a point if a punter drives the ball over the opposing team's deadline in the air, but the ball will be scrimmage on the forty-yard line of the team scored on. In the past the scrimmage was on the twenty-five.

Kimberley Is Two Games Up on Trail

Kimberley, Feb. 26.—Trail Spoke Blazers, champions of B.C., are down two games in a five-game playoff series against the Kimberley Dynamos for the West Kootenay hockey championship.

The Trailites were beaten Saturday night 4 to 0 at Kimberley. The teams move to Trail for the remaining three games commencing on Tuesday night.

Thistles, Wests In Cup Victories

Chalking up victories Saturday afternoon over Esquimalt and Victoria City in the preliminary rounds of the Jackson Cup football series, Victoria West and Saanich Thistles second division Coast League clubs, qualified for the first round proper of the competition. The suburban eleven meted out a 5 to 1 trouncing to the City at Haywood Avenue, while the Greenhairs humbled the Dockers, 3 to 0, at Beacon Hill.

Gunners Capture City Rugby Title

Fifth Brigade Ends Barnard Cup Series With Line Uncrossed; Beat Scots 11-0

Without a single score being chalked up against them, Fifth Brigade senior A rugger completed their Barnard Cup series with an 11 to 0 victory against the Canadian Scottish at Oak Bay Park on Saturday.

J.E.A.A. came from behind to beat the Navy At Admirals Road 14 to 11. By virtue of their victory in the series, conceded before the second half started, the Gunners gained the right to meet Vancouver North Shore All-Blacks in a sudden death game of the provincial club championship.

In spite of having most of the play in the early part of the first half, the Canadian Scottish failed to make their attacks count, and were unable to smash through the smart defence of the Gunners.

About twenty minutes from the start the Brigade opened up an offensive on kicks and five minutes later Sid Gaunt punted deep into the Scots' territory. He went down to take his own kick and passed out to Scott on the wing. Scott streaked through for the first try.

Bryden was clearing nicely for the Highlanders and Robson was getting good yardage on his kicks, but the Scottish backfield was totally disorganized.

For the remainder of the season, play swung up and down the field on kicks.

Gunners started the second half on the offensive. Rowe broke away on a promising run, but was brought down before he could make it count.

Seventeen minutes from the rest interval, Sid Gaunt took the ball forty yards out and weaved through the entire Scottish backfield to the fifteen-yard line. Bryden came round to meet him, and Gaunt passed to George Warnock, who romped over for another try. Again the kick failed.

Shortly before time the Gunners swung away on a good backfield movement. Gaunt and Gribble gained nicely before the latter passed to Paul Rowe, who went over for the final point. McInnes converted.

Warnock was hurt just before the whistle, and was carried off the field with an injured ankle.

C. E. Ley refereed and the teams lined up as follows: Canadian-Scottish—Bryden, Cope-

land, Billingsley, Woodley, Dunn, Bryden, Robson, May, Hackett, Campbell, Gardner, Marling, Rockingham and Knight.

Fifth Brigade—McInnes, Gribble, Gaunt, Scott, Fleming, Rowe, Ship, Engleison, deBiquiere, Hobson, Dowell, Eastman, Stewart and Warnock.

Coming from behind, James Bay Athletic Association just managed to defeat the Navy squad, strengthened with the addition of four Wanderers, by a score of 14 to 11.

Murray went over on a pass from Locke for the sailors' first try. The kick for extra points was a fraction wide.

Hall completed a backfield movement shortly after to gain the Navy's second tally which was converted by Sweetman. A few minutes later Hall went over again. Showing strength in the second half, Bays started their delayed attack. Bill Lemm made the first tally, converting a penalty kick in the sailors' twenty-five-yard territory.

Buzz Brown snaked his way through from a loose scrum for the rowing club's first try. At the end of a combined rush, Rogers got across the blue-jackets' line for a nice try and Carmichael gained the winning points on a good drive that put him over near the posts. Lemm converted.

Accord refereed and the teams were:

J.E.A.A.—Parrott, Rogers, Beck, Brown, Tomlin, Carmichael, McKenzie, Lemm, Robbins, Schultz, George, Peard, Pettifore and Tobin.

Navy—Young, Hall, Symon, Candy, Christie, Locke, Murray, Cope, Well, Ekham, Sweetman, Conway, Smith, Seely, Deskin and Angus.

WEILAND STARS IN OVERTIME VICTORY OVER N.Y. AMERKS (Continued from Page 6)

(Gagnon), 2.20. Penalties: Bourgeois.

OTTAWA VS. BOSTON First period—1. Boston, Stewart (Beattie-Lane), 6.02. 2. Boston, Barry (Clapper), 8.17. 3. Ottawa, R. Roche (Shields-Voss), 10.45. 4. Ottawa, Shannon (Kaminisky), 10.15. 5. Ottawa, Wannie (Shields-Voss), 12.45. 6. Ottawa, (Touhey), 19.20. Penalty: Lamb.

Second period—7. Ottawa, Shannon (Shields-Voss), 30.30. 8. Boston, Barry (Stewart), 3.50. 9. Boston, Barry (Stewart), 6.32. 10. Ottawa, E. Roche (Shields-D. Roche), 19.05. Penalty: Lamb.

Third period—11. Ottawa, Wannie (Shields-Voss), 1.23. 12. Ottawa, Finnigan (Shannon-Kaminisky), 2.55. 13. Ottawa, Wannie (Shields-Voss), 9.25. Penalties: Stewart, E. Roche and Kalbfleisch.

DETROIT VS. AMERICANS First period—No score. Penalties: None.

Second period—1. New York, Klein (Brydge), 8.29. Penalty: Doran.

Third period—2. Detroit, Sorrell (Weiland), 8.03. Penalties: Gordon, Emma, Pettinger 2, Aukie (major), Klein (major).

Overtime period—3. Detroit, Lewis (Weiland), 6.07. Penalty: Chapman.

ALL-BLACKS WIN FROM CHEMAINUS

Chalk Up 29 to 25 Victory in Exhibition Hoop Game at Centennial Gymnasium

Playing at the Centennial gymnasium Saturday evening, Dr. A. F. Barton's Centennial All-Blacks defeated Chemanus Green Lanterns cage team 29 to 25 in a fast exhibition. Jim McGary, with ten points to his credit, led the All-Blacks' point getters, while Halberg, with eleven points, was high scorer for the visitors.

In the opening game—Royals defeated First United 25 to 24, while in the far east the All-Blacks, bowled to the Hudson's Bay to the tune of a 24 to 23 setback.

Following the games the visitors were entertained by the All-Blacks during which Jack Loui, Chinese magician, gave an interesting demonstration of magic.

The teams: Centennial All-Blacks—Rawlings (9), McGary (10), Hammond (8), Hampton (1), Travis (1), Harknett, Couch, Bowman and Sneddon. Green Lanterns—Cencil (7), McGladrey (2), Laidlow, Shillito (3), Halberg (11), Gill (2), Bailey and Phillips.

FOOTBALL MEETING A special meeting of the Macabees Football Club will be held this evening at 8 o'clock at 945 North Park Street. All players are requested to attend.

Basketball High School, Wednesday, Feb. 28 N.W. Championship Play-off Aspires Seattle Parks Road and Seattle P.E.I.

Five Three-time Scorers Seen In Scottish Soccer

No Badminton At Drill Hall

With the Armories being used this week for the spring motor show, all badminton fixtures carded at the Bay Street drill hall for this week have been postponed, officials stated to-day.

Thistles Take Football Lead

Gain Top Berth in Coast League By Win Over City; Wests-Esquimalt Draw

Hammering out a 5 to 1 victory over Victoria City after they had seen Victoria West held to a two-all draw by Esquimalt in the opening fixture of Saturday afternoon's twin soccer bill at the Athletic Park, Saanich Thistles are to-day perched on the top rung of the standings in the second half of the schedule of the first division, Pacific Coast Football League race. The suburban team has one point lead over D.F. Poynta's greenhairs. Esquimalt moved into third place, one point in front of Victoria City, cellar occupants.

The Wests-Dockers match produced some good football, with the net minding of DeCosta and Hood, being one of the outstanding features.

Particularly in the closing stages of the second half, when the Dockers had the Greenhairs penned in their own portion of the field, was the work of Hood outstanding.

FARLACE COMEDY Raged from its commencement the Thistles-City match proved a sad disappointment to the fans. Early in the second half the game developed into a farcical comedy in which Harper, husky fullback, consistently questioned Referee Ralph Alcock's decisions. The official arbitrator warned the husky defender several times.

Equally amusing was the play of the Thistles' defense, which was so poor that the City's forward line was able to develop into a successful play.

WAGLAND SCORES Equivalt opened the scoring fifteen minutes after the start when Wagland secured a loose ball, which Ockil, greenhairs fullback, figured was going to go for a goal kick, and closed in to beat Hood with a low shot. Taking up the offensive from the centre, Wests stormed down on the Equivalt goal, and after two or three attempts at scoring, Peers banged the leather home when about five feet from the goal. It marked the culmination of a successful play by the greenhairs intermediate rank, in which Barnes gave the leather to Peers.

Wests gained the lead shortly after when Betteridge sagged the rigging with a shot to the corner of the goal. Peers, who had been in the net, tipped it over DeCosta's head and left Betteridge with the goal at his mercy. Equivalt fought back from the centre and, despite misfortune, robbed them of a sure marker when Stewart's sizzling shot hit the upright with Hood out of position. Half-time came with the score 2 to 1 in favor of the Greenhairs.

Shortly after the resumption Harry Youson, Wests' left wing, rifled a hot shot at DeCosta from close range, which the smart net minder cleared and sent his team on the attack.

From almost centre, John Sweetney, husky halfback, tested Hood with a terrific drive when he just managed to push to one side. Regaining his feet he was able to stop Wagland's hot drive seconds later.

HALL NETS EQUALIZER Equivalt tied the score shortly after when Art Hall, youthful left-winger, closed in on a rebound from John Watt's sizzler, and banged the leather into the net before Hood had a chance to recover.

Robinson raced on the field to replace Storey, immediately after this tally.

Fighting for the winning marker, the Dockers had a distinct edge in the dying stages of the game and only the phenomenal work of Hood, husky net minder for the Wests, robbed them of victory. It was a lucky Greenhairs eleven that walked off the field with a draw when the final whistle sounded.

The teams: West—Woods, Ockil, Thompson, McEwan, Barnes, Stewart, Wright, Storey, Peers, Betteridge, Youson and Robinson.

Equivalt—DeCosta, Sweetney, Joe Watt, McLean, Peppin, Barnswell, Hicks, Stewart, John Watt, Wagland and Hall.

Making his season's debut in a Saanich Thistle, Danny Glyancy, former Victoria City player, had a gala day, performing the hat-trick and scoring four of his team's five goals. The other tally came from the boot of Freddy Gibbons, on a penalty kick, about halfway through the second half. Davidson secured the City's lone marker late in the interval. Half-time score stood 2 to 1 in favor of the Saanich Thistles.

Opening on the offensive Saanich Thistles broke into the scoring column early when Glyancy flipped the leather in the net after accepting a pass from Williams. Still having the upper hand, the suburban eleven made it 2 to 0, when Glyancy put the finishing touches on a fine combination play and tapped the leather into an empty goal, Chalmers having come out to meet the ball.

Occasional breakaways by the City eleven lacked finish, and it was late in this half before they finally found the net. Breaking fast after a Thistle attack, Holness, diminutive right winger, raced down the right lane and swung the ball across the field to

Bain, McLennan, Anderson, Paul and Bartram Engage in Scoring Sprees

Beasley's Goal Wins For Arsenal

Glasgow, Feb. 26.—Motherwell, leader of the Scottish Football League's first division, got through another tough struggle with Kilmarnock Saturday, winning, 2 to 0, at Fir Park to retain a slim advantage of a game and a half over the league champions, Glasgow Rangers.

Rangers meantime were defeating St. Mirren, 2 to 1, while Aberdeen climbed into third place, far behind Rangers, by a tie with Celtic, cup-holders 2 to 2, on the latter's grounds.

Ferrier and Ogilvie scored for Motherwell in the first half, and the leaders managed to keep on top for the rest of the battle. St. Mirren, the Rangers had a great fight, and the homesters deserved at least a tie. As it was Marshall and Smith scored for the champions, while Knox was the only goalgetter for St. Mirren.

The weather was showery and the grounds were soft, accounting for some erratic results. Celtic, after scoring two goals early, had to be content with a draw with Aberdeen. Crum and Dunn scored for Celtic, and Moore and Robertson for Aberdeen.

ONE-SIDED DEFEAT Hearts, hitherto tied with Aberdeen for third place, suffered an overwhelming defeat at Partick, losing, 7 to 2. The Thistles piled on as many counters in that match as in their last five games. But had three, McLennan three and Ness one.

Incidentally there were three other hat-tricks in the afternoon, the other three-time scorers being Anderson and Paul, Queen's Park, who beat Arbroath 6 to 2, and Bartram, Falkirk, who helped his team to a 3 to 0 victory over Cowdenbeath.

Queen of the South, champion away team of the season, earned a victory over Hibernians, 2 to 0, Cummings and Anderson scoring. Third Lanark's 4 to 1 defeat by St. Johnstone sent them to second from the bottom of the table and threatened demotion.

Dundee United have withdrawn from the second division, leaving only seventeen teams in the section. Dundee has been unable to make ends meet for a long time.

Durfermeline gained ascendancy for the time at least, over Arbroath in these club's battle for second division leadership. The former trounced Brechin City 4 to 0, while Arbroath was held to a 1 to 1 tie at Leith Athletic.

London, Feb. 26.—Arsenal was back at the top of the first division of the English Soccer League to-day, ready for what promises to be a great struggle to retain its league championship.

In a splendidly even battle at Newcastle United Arsenal won by the only goal scored. Bursfield meanwhilst was losing 1 to 0 at Leicester City, and Derby County was held to a 1 to 1 tie at home by the crack Sheffield Wednesday outfit.

The net result was to put Arsenal in the lead by two points over Bursfield and Derby, with Tottenham Hotspur further down in fourth place.

A crowd of 40,000 was on hand for the Arsenal-Newcastle match. Newcastle was more forceful in the early stages, but there was no score in the first half. In the second half Beasley, Gunners' dangerous winger, netted in five minutes. Newcastle found the renowned Arsenal defence impregnable.

A FINE RECORD Derby County put on the pressure against the Wednesday, which has not lost a league match since November.

There was only one team in the picture in the second half, and but for the fact that the players were different sweaters, one would have thought that the boys were having shooting practice. For 95 per cent of the game the Thistles bombarded the City goal, and only erratic shooting and a number of fine saves by Gordon Chalmers, City net custodian, prevented the score from being considerably higher.

GLANCY SCORES AGAIN Glyancy opened the second half scoring when he headed the ball into the net after Barnes had taken a corner kick. Freddy Gibbons made it 4 to 1, scoring from a penalty kick after Harper had fouled Morgan. Glyancy put the finishing touches on the scoring soon after, when he tapped with a low shot. In the only substitution, Hess replaced Davidson of the City, late in the second half.

The teams: Saanich Thistles: Rowe, F. Gibbons, Essler, Williams, J. Crowe, Leggett, L. Gibbons, Morgan, Glyancy, Vickers and R. Burns.

Victoria City: Chalmers, Moody, Harper, Carmichael, Magee, McEay, Holness, J. Murray, Sage, Gibbons, Davidson and Hess.

Rep, but Sheffield's defence proved equal to the occasion, and the half-time whistle came with no score.

Bowers managed to head in after the resumption. Burgess got the equalizer on a fumbled clearance.

The Leicester-Huddersfield game was thrilling throughout, Maves scoring the winning goal in the eleventh minute. Although second with Derby on points Huddersfield're third on goal average.

The police had some anxious moments at White Hart Lane, where the Spurs were held up to a scores of derbies by Portsmouth on account of crowds of hunger-marchers around the entrances. Tottenham began strongly, but found themselves up against a strong defence. Play was ragged in the second half.

Aston Villa met defeat by a 2 to 1 score, at the hands of Stoke City. Bersford netted in the first minute, but Johnson, Stoke's good left-winger, scored twice before the interval. Afterwards Stoke were definitely superior.

Grimsby Town, determined to get back into the first division, won by 2 to 0 at Plymouth Argyle-Saturday, and strengthened their lead of six points over Brentford, which defeated Oldham 2 to 1, while Arbroath scored in the second half.

At Brentford, Walsh, playing his first game for Oldham, scored the first goal of the game within three minutes. Scott equalized and Hutt made it secure for Brentford four minutes before the end.

Norwich City, third division southern section leaders, defeated Queen's Park Rangers, 1 to 0, in an exciting minute proved sufficient to give City a five-point lead.

Standings in the northern section remained unchanged, when all front-place teams were successful.

HOROSCOPE

"The stars incline, but do not compel"

TUESDAY, FEBRUARY 27, 1934

Adverse planetary aspects rule strongly to-day. Avoid the use of willful defiance in business if possible. While the stars indicate only moderate success, the day is not so bright as the way which makes for discontent and antagonism toward operating rules. Minor annoyances toward the end of the day, and minor misdeeds will be affected in the afternoon.

Necessary changes in orders affecting the farmer as well as the worker in mill and factory are discerned as probable before aspects.

Are Wives Too Easy-Going?

Finds Self-Abnegation Spoils Husbands

Unselfishness Should Be a Fifty-Fifty Proposition in Every Marriage, for the Wife Who Does All the Sacrificing and the Wife Who Takes All Both Lose Out in the End

ARE WIVES too unselfish?
To this question all married men will arise and answer with one voice: "No. Certainly not. However did you get such a queer idea?" But, on the contrary, we have it on the authority of no less a Hollywood matrimonial expert than Mary Pickford that the greatest mistake that wives make is in being too self-abnegating.
She says that unselfish wives are the ruin of husbands, that they not only spoil men but weaken them, and that when George finds out that he can let Martha do it he just steps from under and dumps the load on her shoulders. Also she opines that husbands seldom appreciate the sacrifices that wives make for them, and that you will look far and wide before you will ever find a man tying a blue ribbon around a nanny goat's neck and making a pet of her.

In all of which there is, of course, a whole lot of truth. One of the most discouraging things about marriage to a woman is that she can't be as good and kind to her husband as she would like to be without spoiling him. She would like to grovel at his feet and burn incense before him. She would like to give him the tenderest bit of the steak and the softest chair in the room. She would like to adorn him like Solomon in all his glory even if she had to wear Cinderella rags. She would like to give him the best of everything and take all the hardest knocks herself.

But, good grief, if she does, she soon finds out that he takes it for granted that he is so superior to her that she is not good enough to be his wife and that he made a mistake in picking out such a worm of the dust for a mate. The only place where the self-sacrificing wives ever get what is coming to them is on their tombstones.

The world is full of wives who have made their shoulders a ladder on which their husbands climbed to success. They married poor boys and went to live in cheap cottages or flats in some of the tenements. They worked harder than any slaves to help their husbands get a start. They pinched every penny. They went shabby so that their husbands might make a good appearance when they went abroad. They never indulged themselves in any amusements. They simply immolated themselves on the altar of their husbands.

How have the husbands repaid this unselfish devotion? By lavishing upon them every expression of appreciation and gratitude for their sacrifices? Occasionally it is done. Not very often. Mostly the unselfish wife is collecting her reward in the shape of alimony, while her husband is gallivanting around with a new wife loaded down with emerald bracelets.

Alas, it is sadly true that the best wives are not always the best-loved wives. It is not the meek wives who demand nothing for themselves, who pretend to be happy and who would rather stay at home at night and watch the baby sleep than step out to play or a night club and who lie about liking cheap simple little frocks, who have the adoring and considerate husbands.

The ladies who have husbands who continue to be lovers and to show them attentions after marriage are mostly the selfish, self-centred, egotistic women who grab everything in sight and leave their husbands to make whatever sacrifices the situation requires. Husband may have to wear his clothes until they are shabby, but they always have the latest thing from Paris. Husband may have to toil through cold winters and hot summers in his office. They go to Europe or Palm Beach. It is husband who gets up in the night and walks the baby with the colic, while they take their beauty sleep.

And the queer part of it all is that husband takes it and likes it and thinks wife the most wonderful woman in the world, and is proud to toddle along in her wake.

Perhaps it is because women have discovered that there is so little virtue among wives, for they have observed that every wife writes her own price tag and that her husband treats her as she demands to be treated. If she makes of herself a doormat for him to walk over and kick around, he does it. If she puts herself up on a pedestal and expects to be worshipped, he bows the knee before her.

Undoubtedly unselfish wives are as bad for their husbands as unselfish mothers are for their children. They pamper and pet them and inflate their egotism and foster their selfishness until they become greedy and self-indulgent and tyrannical and not fit to live with.

But, even so, the unselfish wife is the great bulwark against divorce, for you can no more make a successful marriage without sweetening it with an unselfish woman than you can make a cake without putting sugar in it. It is when a selfish woman marries a selfish man and both are determined to rule and take the best of everything that hearts are broken and homes are wrecked and little children half-orphaned.

Perhaps many wives are too unselfish, but just as certainly there are many others who are daughters of the horse leech. Some women spoil their husbands. Others enslave them. Between the two extremes of utter self-abnegation and utter selfishness is a happy medium in which the wife both gives and takes, in which she demands her fair share of the profits and perquisites of marriage, but in which she also cheerfully contributes her quota of work and sacrifice.

The ideal wife is neither a goat nor a pig.

A Mystery Novel

By K. S. DAIGER

(Copyright by Macrae-Smith Company)

Anderson, waved his cigar toward Carroll. "My very able assistant Mr. Carroll seems to have uncovered a new angle on the case, and I'll let him present the matter in any way he sees fit. We can talk it over after he has finished. There are several points which I want you to clear up for me."

We all turned our eyes on Carroll, who mustered his forces as well as he could upon such short notice, for he had so lost himself in his account of his trip that he had apparently forgotten that Paige was expected.

"Well, Mr. Paige," he began slowly, "to be very frank and I am sorry to say, undecisive-like, I was in Washington all day."

I couldn't help glancing at Paige to see what effect this would have, and I really admired the way he accepted it without a change of expression in his face or a sign of interest.

"And I would like to ask you why you sent a phone call to your wife instead of a telegram as you told us?" Paige smiled. "So I'm under suspicion, am I?"

"No, no, I don't want you to take that attitude," interrupted Carroll hurriedly. "I am just trying to iron out some discrepancies in your story and I want your help."

"Well," said Paige quietly. "I don't know what I said about my trip to Washington. I was pretty much all in after—the murder and I wasn't quite certain of myself or anything else. I told the Inspector that at the time. I know that I had intended to telegraph. I know now, of course, that I actually did telephone. You see, I loved—"

"Yes," said Carroll. "We understand that—and I thought the telegram business was probably just an error, so let's drop it."

Paige leaned back in his chair more easily.

"But then I called on Mrs. Brooks," Carroll went on.

At this, Paige flinched in spite of himself. "You got me there," he admitted, smiling nervously. "But, golly, man! have any man on that point if you know the name of the lady. Mrs. Brooks is perfectly respectable, if you know what I mean, and she had befriended me on more than one occasion. You see, I call on her as sort of a relaxation, something every man has to have—something to take your mind off the everyday things of life."

"She spoke to me," however," said Carroll leaning forward. "ABOUT THE THING!" He spoke carefully and emphasized his words clearly. And from that time on, Paige's mind was busy with the thought that total command of himself which he had acquired and which he showed us then for the first time. He hesitated for a long time, apparently wondering whether to speak or to keep silent. In the silence we could hear the big clock on the mantel ticking.

"It's funny, isn't it?" he said finally, gazing at the floor. "The way the things we do in life always come back at us with so much importance attached to them later! To think that a letter I wrote a year ago would stir up all this time! Honestly, old fellow, that letter could not help you in the slightest way to solve this murder. I'll admit I went to Mrs. Brooks that night, and if it would help you in any way, I would surrender it, provided she would give it to me. But it has nothing to do with the case, and really I admire your cleverness as a detective, although I do not rely upon your finding out so much about my private life."

Uncle Wiggily At Home

By HOWARD R. GARIS

Uncle Wiggily was hopping through the snowy woods as fast as he could hop. The tails of his old coat streamed out after him like clothes fluttering on the line. And beneath his old coat the short little tail of Uncle Wiggily was shaking in the wind. The rabbit gentleman's long ears were flapping up and down.

"Come back here! Where are you going?" called Raggle, the tramp rabbit, after Uncle Wiggily.

"I am going home," said Mr. Longears, wrapping his old coat more closely about him, for he was not wearing his long fur coat. Except that of course he had on his own fur the same as your cat has before he gets dressed up to go out nights and play with other pussies. The reason Uncle Wiggily had on an old coat was because he was a tramp rabbit.

Yes, he was. You remember, I hope, how he made friends with Raggle, a real tramp bunny; how Uncle Wiggily took Raggle home with him, gave him an old suit of clothes and then how Uncle Wiggily himself decided to be a tramp rabbit for a while.

"But I'm through being a tramp now," said Mr. Longears as he ran. "I hopped faster than ever through the snowy wood. 'I am going home,' to my hollow stump bungalow, to my dear wife, to my dear daughter, to my dear little bunny boy and girl. I am sorry I left them."

"Don't you want to be a tramp rabbit any more?" asked Raggle.

"Thank you, no," said Mr. Longears, for Raggle was now hopping along beside him and the two could talk just as in the moving pictures.

"Why not?" asked Raggle.

"Hal! You ask me why not?" spoke Mr. Longears. "Don't you remember what has happened since you and I started tramping for adventures?"

"Well, nothing very much happened," said Raggle, sniffing with his red nose while Uncle Wiggily twinkled his pink one. "Not but as much happened to you as happened to me the first day I went on the tramp."

"Well, enough happened," Uncle Wiggily said, still hopping along toward his bungalow. "We started out with a thermos bottle of carrot soup. When that was gone and we had nothing else to eat you told me to go beg for something at the farmhouse of the big bear gentleman. I did, and what happened?"

"A dog chased you," said Raggle as Uncle Wiggily seemed waiting for an answer to his question.

"Of course a dog chased me!" exclaimed Mr. Longears. "The dog barked at me and chased me before I had time to beg for anything to eat. I don't like being chased by dogs nor by being barked at."

"Would you rather be chased by the Fox, the Wolf or the Bob Cat?" asked Raggle, still hopping along beside Mr. Longears.

"No," I wouldn't," answered Uncle Wiggily. "I know you have been very kind to me; big and brave and strong and tough as you are. You snow-balled one of the Bad Chaps, you pulled the Bob Cat along like a sled by his silly little tail, and if I am not mistaken, you washed the face of the Wolf with leeches and made him run away so he couldn't bite me."

"Yes, I did all that," said Raggle, not boastful like, but as one just stating the facts. "And after that you decided to come tramping with me."

"I did," agreed Uncle Wiggily. "But I didn't think I would have to beg for food and run when dogs chased me. I didn't know a tramp rabbit's life was so hard."

"Well, it isn't easy in winter, though it's jolly good fun in the summer," said Raggle with a laugh. "So you won't stay with me?"

"No, I'm going home," decided Uncle Wiggily. "But since you have been so kind to me I invite you to come along home with me and my wife or Nurse Jane will give you something to eat. Then you won't need to beg, at least for to-day and you can keep on tramping if you like. As for me, I'm through."

"Very well," said Raggle. "I'll hop along home with you, for I am getting quite hungry. The carrot soup, while it had a lovely flavor, was rather thin."

"I'll soon get you some good food," promised Mr. Longears.

So the two rabbit friends, both looking like tramps, hopped along until they reached the hollow stump bungalow.

"You go ahead and knock at the door and ask for something to eat," said Raggle. "I'll wait here in the bushes for you." So Mr. Longears knocked on his own bungalow door and a very strange adventure happened to him. I'll tell you about it to-morrow night when the story will be Uncle Wiggily is locked out. And I hope the new stove doesn't take a bite out of the snowball thinking it's coconut candy.

(Copyright, 1934, by H. R. Garis)

Women of the Moose—Victoria Chapter No. 25 will hold a social meeting this evening, at 7:30 o'clock, in the hall at the corner of View and Blanshard Streets (St. Ann's Kindergarten). The meeting will be followed by a card party and dance with refreshments. Evelyn Holt supplying the music for dancing.

JOURNALISTS NAME LEADERS

**Hugh C. MacCallum Elected
President of Local Branch
of B.C. Institute**

Hugh C. MacCallum, of The Victoria Colonist, was elected president of the Victoria branch of the B.C. Institute of Journalists at the annual meeting in Speedie's Cafe, succeeding Leslie Fox. Other officers elected were: Vice-president, Kenneth C. Drury; Secretary-treasurer, Edward F. Fox; assistant secretary, Miss Muriel Richards; executive, Harold R. McDonald; Frank M. Kelly, R. T. Freeman, and Arthur H. Stott.

The meeting took the form of a dinner gathering, a brief business session preceding the dinner and a programme of entertainment. Annual reports were received and business for the coming year was discussed. Following dinner the journalists, whose wives and ladies were guests for the evening, were entertained with a delightful programme presented by little Miriam Schwabe, Mrs. Gordon Downard, Frank Merryfield, "The Cornish Wizard," and Frances Merryfield. Clever tap dances were executed by Miriam Schwabe and Frances Merryfield, who were both encored several times. Mrs. Evelyn Holt accompanied both dancers at the piano. Mrs. Downard's contribution was a clever humorous artist's sketch and an impersonation of Mae West. She was accompanied at the piano by Mrs. B. Stone.

SPRING FLOWER SHOW DATE SET

With Dr. C. T. Hilton of Port Alberni presiding, and a very representative attendance from the upland centres, the executive council of the Vancouver Island Horticultural Association at its meeting here on Thursday settled plans for its eighth annual spring flower show to be held at the Willows on April 27 and 28, and its second annual island summer show to be held this year at Ladysmith, June 20 and 21.

The association will again carry on the island garden competition. In this connection it was resolved to eliminate the points formerly awarded for fruit and to confine the score card to points for flowers and vegetables.

JUNIOR CLUB NAMES LEADERS

The Foul Bay Junior Community Association held its first annual meeting in the clubroom in Foul Bay, Friday night. It was marked by a good attendance. The senior group was represented by P. C. Payne and Mrs. Bridge.

After the usual business had been discussed, the meeting was addressed by Mr. Payne, who expressed his gratitude for the work and interest shown, and hoped that more success would be in store for the club in the future.

Sooke

The regular meeting of the Women's Missionary Society was held at the home of the president, Mrs. M. Murray, last Thursday afternoon. Delegates were expected to attend the missionary convention to be held in Victoria March 12 and 13, those appointed being Mrs. S. Lundie, Mrs. Percival and Mrs. C. Richardson. The meeting next month will be held at the home of Mrs. W. Welsh.

Duncan

Duncan, Feb. 26. — The Cowichan Field Naturalists' Club held their regular monthly meeting in the E. of P. Hall Friday evening. Col. Dopping-Hepens, vice-president, being in the chair. After routine business, Mrs. W. Cairns, Mrs. H. Page, Mrs. G. W. Jones and Mrs. J. Forrest.

NERVES SICK— SICK ALL OVER!

Nerve troubles should never be neglected. When you are easily irritated, frequently over-wrought, "worried sick" about trifles, an attack of "nerves" is threatening you!

Phosferine is a highly recommended nerve tonic of tested strength and efficacy. It quickly soothes ragged nerves, improves appetite, induces sleep and restores confidence and vitality.

NERVES IMPROVED DAILY
"Phosferine saved me from a complete nervous breakdown. I feel mental and physical improvement day by day. Nervous exhaustion has disappeared and vigour returned."

—C. HOLROYD, Manchester.

QUESTIONS ON WAGE MATTERS

C.C.F. Members Seek Information on Working Conditions

Wages and working hours are the main points in which C.C.F. members are displaying interest in questions filed with the legislative clerk.

The Provincial Secretary will be asked for answers next week on two matters of this nature in queries from mainline members as follows:

By E. E. Winch, C.C.F., Burnaby: Are twelve-hour shifts now being worked by attendants at the Mental Hospital, Burnaby?

If yes, what steps have been taken by the government to put in operation an eight-hour day?

If this has not yet been done, when does the government propose to take the necessary action?

By H. E. Winch, C.C.F., Vancouver East: Has a request or recommendation been received regarding increases for junior clerks with three, four or five years in the government service, and still in receipt of salaries less than \$55 per month?

If so, what action, if any, has been taken?

Is it correct that some junior clerks in the government service are paid less than \$60 per month for their services?

Is there a graduated scale of increases for junior clerks with regard to years of service?

Is so, has the government followed this policy, and does it intend to be guided by this policy in the future?

BUSINESS IN CANADA GOOD

**Improvement Generally
Noted By W. F. Smith, Continental Life Head**

WALTER F. SMITH, general superintendent of Continental Life Insurance Company, who has been a visitor to Victoria from the head office of his firm in Toronto, said during his visit here.

"I find business conditions definitely better throughout Canada," Mr. Smith said during his visit here.

"In our own case our general business for January of this year showed an increase of 40 per cent over that of January, 1933, and our first year premium income showed an increase of 96 per cent in the same period.

This favorable upward trend has continued during the present month, and we expect it to be characteristic for 1934," Mr. Smith stated.

Another interesting finding was the fact that our revival of old contracts show the extraordinary increase of 155 per cent over the previous year," Mr. Smith added.

The Continental Life Insurance is an old established Canadian firm, with service branches throughout the Dominion. This company has the enviable record of having maintained its regular dividend payments without a break for the last ten years.

While in Victoria, Mr. Smith is conferring with James Macdonald, manager for Victoria and Vancouver Island.

birds officer for the western provinces, gave an interesting lecture on the subject of "Are Our Waterfowl in Danger?" A vote of thanks to Mr. Munro was proposed by Dennis Ashby and seconded by S. Hoskins.

Art. Knox, a former resident of Duncan, is a visitor from the east. Arthur Tisdall of the Bank of Montreal staff, Vernon, is holidaying, with his parents, Mr. and Mrs. G. A. Tisdall, The Grange, Sonoma.

OAK BAY SPECIALS

\$2,750—New five-room stucco bungalow with garage in full cement basement, furnace. Splendid view of water and mountains and situated among new homes close to beach and park.

\$3,300—Six-room bungalow, one floor, choice district close to Oak Bay Hotel. Hardwood floors. Separate stucco garage, full lot, nice garden. A real good buy at this price.

\$5,500—New seven-room stucco semi-bungalow of the very best of construction on "for rent" block. Hardwood floors in entrance hall, living and dining-rooms. Beautiful kitchen with every modern convenience. House equipped with latest fixtures throughout. Full cement basement with improved R.W. heating plant. Garage for 2 cars is finished inside. No expense has been spared to make this one of the most up-to-date and attractive homes in Oak Bay and at the price cannot be duplicated.

Sister MARY'S KITCHEN

CHEESE IS NOURISHING MEAT SUBSTITUTE

By SISTER MARY

Cheese often is chosen as a meat substitute and if served with the proper combination of foods offers an excellent and comparatively cheap source of protein.

In planning menus in which cheese is to play a part as a meat substitute, keep in mind the necessity of serving plenty of vegetables, both raw and cooked. The dessert should be simple and not rich in fats. Apple or some other fruit, tapioca, pudding served with a liquid sauce in place of cream offers a suggestion for a dessert. Or

course there are innumerable other puddings, hot, cold and frozen that may be chosen.

When cheese is to be cooked, care must be taken that it is not overcooked. Over-cooking of cheese makes it tough and splits the fat, making it difficult to digest. Cheese is sufficiently cooked when it is just melted. Consequently, when any part of a cheese dish requires prolonged cooking, this should be done before the cheese is added. In the case of cheese sauce, be sure the sauce is thoroughly cooked before adding the cheese. Then the cheese is melted in the hot sauce and the whole is blended in a smooth mixture without actually cooking the cheese: CHEESE FLAVORS SOUPS

The following menu will undoubtedly suggest other dishes to you. Brown rice croquettes with cheese sauce, buttered green beans, potato and tomato salad, baked apple dumplings with lemon sauce, milk, coffee.

The Italian custom of serving "grated cheese" with soup has much in its favor. Potato, tomato and spinach cream soups gain much nourishment if grated hard cheese is made up of pieces or placed in the table for each person to help himself. The combination of flavors, cheese and these particular vegetables, is appealing to the taste. Must not be added to a soup during cooking.

There are many varieties of cheese, both domestic and imported and for classification purposes they are conveniently divided into three groups—hard, semi-hard and soft.

The hard American cheese made from whole milk contains most of the protein and fat and a large part of the time of the milk from which it is made. It is really a concentrated form of milk and has great food value. This type of cheese adds vitamins A and B to the diet.

USE OF COTTAGE CHEESE

Cottage cheese is high in nutritive value, but low in fat and vitamins. Freshly soured milk is desirable for making cottage cheese.

Cottage cheese as well as the other soft, so-called cream cheeses are excellent in salads or with fresh fruits. Carefully stewed dried fruits combine well with cream cheese for a salad. As sandwich fillings, combine cottage cheese with apples, raisins, etc.

Soft cheese can be used to advantage. Cheese fondue is a delicious luncheon dish. Served with a creamed vegetable and a crisp salad, a well balanced and most inviting meal is forthcoming.

CHEESE FONDUE

One and one-half cups soft bread crumbs, 2-3 cup milk, ½ cup grated cheese, 4 tablespoons butter, 1½ teaspoon salt, ¼ teaspoon mustard, yolks 3 eggs, whites 3 eggs.

Cook crumbs and milk until hot and smooth, stirring constantly. Add butter, salt, pepper and mustard and cheese. Cook and stir until cheese is melted. Remove at once from heat and add yolks of eggs which have been beaten until thick and lemon colored. Fold in whites of eggs which have been beaten until stiff and dry. Turn into a buttered baking dish and bake thirty minutes in moderate oven. When firm to the touch the fondue is done. Serve at

BALLET HAS MUCH COLOR

Elaborate Dance Programme to Be Given This Evening at Empire Theatre

When the famous Pavley-Oukrainsky ballet appears to-night at the Empire Theatre, lovers of dancing will have an opportunity to see what the critics of New York and Chicago have called the "most brilliant dancing organization ever assembled."

The Pavley-Oukrainsky Ballet headed by Serol Oukrainsky, will open the programme with an Oriental fantasy from "A Persian Garden" followed by such extraordinary numbers as "Rhythm to the Sun," "A Dutch Dance," "The Vagabond," "Flirtation of 1870," "An Impression of Panama," and the well-known "Blue Danube."

Many other numbers are included in the programme. Color, variety and the entire gamut of emotions characterized the elaborate dance programme. Twenty trunks of rich and gorgeous costumes, extra stage and lighting effects, are all carried on tour.

This unique and brilliant touring company is one of the best equipped of travelling companies of its character and the choreographic work unquestionably the finest in the world to-day.

John Boles At The Columbia

One of the most genuinely interesting motion pictures of the season is "Beloved," the Universal "musical romance of a century" which opened an engagement at the Columbia Theatre to-day.

John Boles and Gloria Stuart play featured roles in this highly unusual production, and Boles sings several songs as only he can sing them—simple, moving songs of the heart.

The story is given by Dorothy Peterson, Edmund Bruce, Anderson Lawrie, Lucille Gleason, Morgan Parley, Richard Carl, Miss Burch, Ruth Hall and many others.

From a production standpoint, "Beloved" is a remarkable demonstration of the flexibility of the motion picture. The story covers a period of nearly 100 years, and the feat is accomplished in such a completely satisfying manner as to constitute a convincing tribute to the screen art.

Also being shown is James Cagney in "Lady Killer."

Ann Harding At Playhouse

An exceptionally strong cast was assembled by Metro-Goldwyn-Mayer-Comopolitan for its film version of the Rachel and Boles stage success, "When Ladies Meet," which starts a three-day engagement at the Playhouse Theatre to-day.

Ann Harding, who starred in the original production, is filled by Myrna Loy, Alice Brady and Frank Morgan.

The distinguished Miss Harding, whose hits range from "Holiday" to the recent "Animal Kingdom," enacts the publisher's wife in Miss Crother's biting drama of four people whose lives are brought to a climactic point at a seemingly peaceful country seat and party. Montgomery last seen in "Hell Below" is the shrewd young newspaperman who creates a fictitious liaison between himself and the publisher's wife in order to attract the interest of the woman he really loves.

Also being shown on the same programme is Bebe Daniels in "The Cocktail Hour."

CAPITOL THEATRE

"All of Me" is the picture now showing at the Capitol Theatre, with Fredric March, Miriam Hopkins, George Raft and Helen Mack.

Directed by James Flood, "All of Me" tells how a pampered Park Avenue debutante sees life through the eyes of a tenement girl. Love had entered her life, but she never touched her heart. And from this lovely slum girl and her ex-convict sweetheart she discovers the difference between romance and love.

DOMINION THEATRE

The most important all-star cast assembled by Fox Film since "State Fair" is complete with the signing of two of the screen's most popular young leading men and the assignment of Fox Film's newest feminine discovery to "Carolina," now at the Dominion Theatre. The roster of stars made up of John Boles, Lionel Barrymore, Robert Young, Henrietta Crosman, Richard Cromwell, Mona Barrie and Stepin Fetchit. The three most recently named are Robert Young, Richard Cromwell and Mona Barrie.

ROMANO THEATRE

The Romano Theatre is featuring two splendid comedies this week, which should provide some hearty laughs. In addition there will be two short novelties and the feature "Men Must Fight," which is a film drama that entertains as well as stimulates feeling and thought. Diana Wynyard, Lewis Stone and Philip Holmes take the leading roles. The management of the theatre to-day announced a new low price for children to apply at all times.

once. The temperature of the oven should be 350 degrees F.

To-Morrow's Menu

Breakfast: Tomato juice, cereal, cream, scrambled eggs, cornmeal muffins.

Luncheon: Cheese fondue, creamed cauliflower, rice of lettuce and tomato, Boston-brown bread, served with applesauce.

Dinner: Pillet of haddock, potatoes au gratin, browned parsnips, salad of cottage cheese and chives, rhubarb pudding, milk, coffee.

Where To Go To-night

As Advertised

Capitol—"All of Me," with Fredric March.

Columbia—"Beloved," with John Boles.

Dominion—Janet Gaynor in "Carolina."

Playhouse—Ann Harding in "When Ladies Meet."

Romano—"Men Must Fight," starring Diana Wynyard.

Crystal Garden—Swimming.

Automobile Show Will Open Wednesday Afternoon

**Many Handsome Cars
Will Be On Display
For the First Time**

Annual Spring Show at the Armories, Starting Wednesday. Promises to be Successful Function; Many Handsome Cars Being Assembled; Good Entertainment Programme Is Planned

Victorians will have an opportunity of seeing the very latest models of automobiles, when the second annual Spring Automobile Exhibition will be opened by Mayor Leeming at the Armories on Wednesday afternoon at 2.30 o'clock. It will continue until Saturday evening, and promises to be one of the smartest automobile exhibitions ever held in Victoria.

The show this year will be sponsored by the Canadian Scottish Regiment and the 5th B.C. Coast Brigade, and an energetic committee has been at work for several days on details that promise much success for the affair. The large assembly hall at the Armories will be gay with flags and bunting and spring flowers and each car will be attractively displayed in its own booth.

The cars this year are more beautiful than ever, it seems. Their lines are longer and more graceful and the appointments and accessories more generous. From the tiniest roadster with rumble seat to the big luxurious sedan, the cars this year are all the last word in comfort, beauty and luxury.

ENTERTAINMENT
Audrey Jones, manager, has planned an attractive entertainment programme for the four days of the show. He announced Saturday that he has secured the Musical Calangis Family to give performances Wednesday, Thursday and Friday, both afternoon and evening. There is one boy and five girls in this clever little troupe, and they promise some interesting entertainment. They will appear as a complete orchestra.

MOTOR CHIEF IS PLEASED

R. S. McLaughlin of General Motors Notes Tremendous Activity in Production

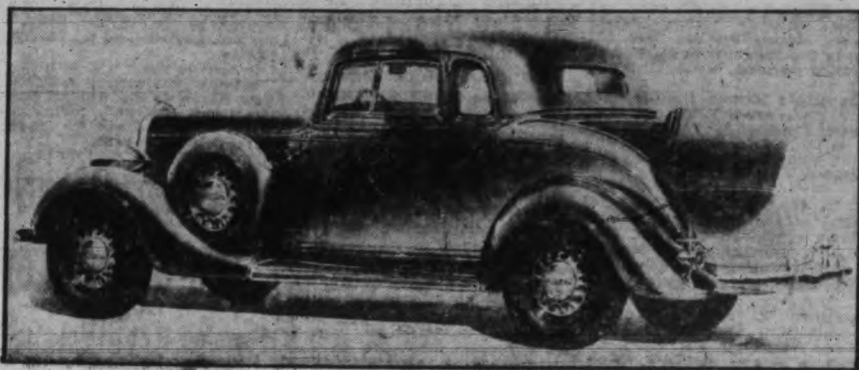

Toronto, Feb. 26.—R. S. McLaughlin, president of General Motors of Canada Limited, stated recently after visits to the larger motor shows, that tremendous activity in production had been brought about by the avalanche of orders received during the first few weeks of the introduction of the 1934 General Motors cars. In Montreal, stated Mr. McLaughlin, demonstrations of the floating ride with knee-action wheels on the Chevrolet and Pontiac were made under abnormal conditions, due to extreme weather and an abundance of ice and snow. Under these conditions dealers were able to show the public, in a very convincing way, that this engineering refinement on General Motors 1934 cars was flexible to any extreme road or winter driving condition.

"I was greatly pleased by the enthusiasm of visitors at these motor shows, and more than gratified at the reception by our dealer organization," continued Mr. McLaughlin. "The proof of their sincerity has been shown here at our factory, where orders are coming in faster than can be taken care of by immediate delivery."

"Late last year when setting up our production machinery for the

Exhibition include the Best Company, with the Plymouth and Dodge, R. A. Davis Company, the McLaughlin-Buick, Jameson Motor Company, the Terraplane, Hudson and Studebaker, the Motor Company, with the Buick, the National Motor Company with the new Ford and Thomas Filmy Company with the passenger and commercial models of the British Austin.

THE SMART NEW DODGE COUPE NOW ON SHOW

The rumble seat type of coupe of the new Dodge line is represented by this fleet and attractive 117-inch wheelbase model

manufacture of the knee-action unit, particularly Chevrolet and Pontiac, the present unexpected and abnormal demand, which we are now experiencing, was not anticipated. The greatest care and precision of workmanship is required in the manufacture of the knee-action unit, and although normal deliveries for this season are being made, installation of additional equipment for this operation is being rushed to completion so we can cope with the unpredictable consumer demand for immediate delivery of the new low-price General Motors cars."

OLDSMOBILE IS POPULAR MODEL

For Thirty-seven Years Oldsmobile Has Been Building Popular Cars

A brand new low-price all-feature car, with combined advantages of high economy and advanced engineering, together with a superb new straight eight of greatly improved all-around performance and efficiency, are offered by Oldsmobile for 1934. The new cars inaugurate Oldsmobile's thirty-seventh year of automobile building.

"Knee-action" wheels, centre-control steering, a ride stabilizer, and absolutely scientific weight distribution, all of these representing new engineering principles, are leading features of the new Oldsmobile. They give the cars radically new and improved riding and handling qualities. Added to these is another important improvement—super-hydraulic self-energizing brakes.

The new Oldsmobile bodies present a further development of the aerodynamic theme, the lines suggesting speed and freedom, and representing a harmonious blending of contours from front to rear. Bodies are longer and lower, enhancing the low-slung, windstream effect. The Fisher no-draft ventilation has been improved for the new cars.

The "knee-action" wheel suspension permits each front wheel to be cushioned on its own strong coil spring, which is much more resilient than the type of spring used with the conventional stiff front axle. As the wheels are connected with the frame by parallel horizontal arms, the new springs making possible a softening of the ride of the front end of the car. Wheel action is controlled by double-acting hydraulic shock absorbers.

With this construction each wheel "steps over" bumps or depressions in the road without communicating bounces or jars to the passenger. Pitching of car or passengers is entirely eliminated.

BRAKE DRUMS MUCH WIDER

New Plymouth Cars Continued to Be Equipped With Hydraulic Brakes

This year finds more than 2,000,000 Chrysler motor cars on the streets with hydraulic brakes. The 1934 Plymouth line continues to be equipped with hydraulic brakes, which Plymouth pioneered in the low-price field and Chrysler Motors pioneered in the automobile industry as a whole. Plymouth is the only hydraulic-brake equipped car in the low-price field.

On the 1934 De Luxe Plymouth brake drums have been made one-third wider, affording even quicker stopping than before. The hydraulic braking system consists of a master cylinder from which metal tubes run along the inside of the frames, where they are fully protected, to points opposite the four wheels," according to J. H. Hickey, general service manager. "From these points the hydraulic brake fluid travels through flexible tubes to the wheel cylinders which operate the brake shoes."

"Every part of the system is tested for a pressure of 2,500 pounds per square inch, more than fourteen times greater pressure than they are subjected to in the most severe brake test. There is nothing to get out of order, nothing to be forgotten in re-assembling after adjustments, no cotter pins, electric pins, shafts or rods to break or bend. It is without a doubt the most reliable brake system known."

"Constant equalization is another essential in a braking system. Equalization is a permanent condition, not a problem in the Plymouth hydraulic brake system. The fundamental law of physics—pressure applied to a column of fluid is transmitted equally in all directions—is true in a braking system as in a laboratory, and this, of course, is the perfect explanation of the equalization inherent in Plymouth brakes. Countless accidents have been caused by unequalized brakes. Brakes which function satisfactorily at thirty miles an hour, even though unequalized, could quite easily throw the car into a "brake dive" and cause a serious accident if applied suddenly while rolling sixty miles an hour. Slippery pavements and high speed are a constant, serious menace to cars equipped with unequalized brakes."

PRAISES BIG AUTO DISPLAY

General Sales Manager of Dodge Brothers Expects Car Business to Be Large

"The automobile easily ranks first in the interest of the average man and woman," affirmed A. J. Shaw, general sales manager of Dodge Brothers (Canada) Limited.

Mr. Shaw bases his conclusions only partially on the unprecedented attendance at this year's first national automobile exhibition and the eager interest shown in the new features of the 1934 cars. "Not wishing my memory," says the sales executive, "has there been an automobile show comparing with the one at Toronto. To me the eagerness with which persons in all walks of life examine the latest car models is the surest indication of the attitude of the people in all parts of Canada."

"I certainly put automobile interest over the 'movies' even over the sports, which are always close to the hearts of the people. Only one thing caused a slowing down of automobile sales during the subnormal years through which we have passed, economic depression that affected everybody. With the business upswing now evident in every field, the public mind is running toward the one thing that means most to them in the pursuit of business, pleasure and social life, the motor car."

"And what a treat the manufacturers are providing for the 1934 public. The innovations are the most striking ever presented. Many folks thought that the ultimate had about

BUICKS HAVE SMART LINES

Windstreaming Feature of Smart New 1934 McLaughlin-Buick Machines

McLaughlin-Buick models for 1934, pioneering the General Motors, entirely new front-wheel assembly—a chassis feature of so advanced a nature that it will have the effect of rendering conventional springing obsolete—are on display at the Motor Show. The new, widely heralded a few weeks since, that knee-action front wheels have achieved a new standard of riding comfort had the effect of arousing great public interest in the new McLaughlin-Buicks. These cars, with which McLaughlin-Buick enters its second quarter century, are featured by unusually handsome windstream lines

been reached when designs were so drastically improved in the cars of 1932 and 1933, but here the industry is again with offerings that put all previous efforts in the shade. "Throughout the last year we have watched the Dodge sales barometer rise month by month, and before the year was half gone we determined to step out for still bigger things in 1934."

"I repeat that there is not a single manufactured commodity that rivals the Canadian automobile in public interest, and that I should not be surprised to see the volume of 1934 car sales overtake all else that competes with it in popular appreciation."

and several new mechanical features besides independent front-wheel suspension, but it is a safe guess that these silver anniversary models of the well-known straight eights will chiefly go down in history as the first to abolish the old-type front axle and stiff front springs and introduce the "floating ride" to motorists.

Customer research by General Motors of Canada revealed a preference among 60,000 Canadian motorists for "riding comfort" ahead of many other qualities, and knee-action front wheels are the answer, along with many other refinements suggested by owners, all of which contribute to a gliding, bumpless ride. Canadian preferences are also reflected in the appointments generally. As an example, an exclusive Canadian touch is the use of satin finish metal for door handles and fittings.

From the driver's standpoint, there is also an innovation second only in importance to the independent wheel springing, namely the adoption of power brakes. The new brakes give a wonderful feeling of safety as the cars can be controlled at any speed with only a slight pressure on the foot pedal, vacuum mechanism doing the rest.

CROWD DISPERSED

Kildare, Irish Free State, Feb. 26 (Canadian Press).—Civic guards yesterday evening scattered interrupters of a blue shirt meeting at which General Eoin O'Duffy was speaking, charging into the ranks of hecklers and cracking heads with their batons. None was hurt seriously.

It takes a V-8 TO GIVE V-8 PERFORMANCE

ASK any engineer, ask any expert mechanic, ask any Ford owner, and he will tell you that you get more power, speed, acceleration and smoothness with a V-eight cylinder car. Not just a little more, but a great deal more.

The V-eight engine has been used for years in the highest priced cars. But only in the highest priced cars. Owners of other automobiles could only watch a V-eight go speeding by and say—"I wish I had a car like that."

That wish can now come true. Now—today—you can get all of this quality and superior performance, at low cost, in the New Ford V-8.

You get more than good performance in this outstanding car for 1934. Something those expensive eights don't have. Something you always expect in a Ford. And that is ECONOMY.

Exact cost figures will show you that the New Ford V-8 for 1934 is the most economical Ford car ever built. It is economical on gas and oil and it saves you many dollars because of reliability and freedom from repairs.

INTERESTING RADIO PROGRAM—Every Sunday night at 8:30 and every Thursday night at 9:30 (Eastern Standard Time), Columbia Broadcasting System, FRED WARREN and HIS PENNSYLVANIANS and nationally known guest artists.

See your local Ford dealer for details of our LOW DOWN PAYMENT and EASY TERMS on which the New Ford V-8 can be purchased.

New Models Have More Graceful Lines This Year

NEW PONTIAC HEAVIER CAR

Straight Eights Have Increase of Seven Horsepower Over Previous Models

Pontiac straight eights for 1934 are having their first local showing today, and the smart new models foreshadow still greater public favor for the eight that invaded the low-price field a year ago. The 1934 Pontiacs are larger and heavier, with a power plant of eighty-four horsepower—an increase of seven horsepower over the previous models. Fuel economy, however, is still

The new 1934 Studebaker coupe, available in three lines, is shown above. This car is roomier and more luxurious than any previous Dictator.

A NEW STUDEBAKER MODEL IS ANNOUNCED

greater, mileage said to have been raised 10 per cent.

Like other General Motors cars for 1934, Pontiac has adopted "knee-action" front wheels, but of a type which differs most interestingly from those revealed by cars so far introduced. The Pontiac knee-action mechanism is inclosed in a sturdy sealed housing filled with oil, and two-way shock absorbers operate inside the housing. With the old rigid front axle gone, and the front wheels "stepping over" the bumps and ruts without transmitting shocks to the frame, Pontiac for 1934 gives a boulevard ride on the roughest roads.

Other high spots of the new Pontiac are the increased wheelbase of 117½ inches; increase to six inches in the diameter of the tires; roomier and sturdier Fisher bodies equipped with improved ventilation of the type that swept into favor last year; a new K-Y box rider frame of tremendous strength and rigidity, and big brakes that translate light pedal pressure into safe, powerful braking force. Add to these features the new straight eight motor, about which engineers are very enthusiastic, and you have a much improved car. It is, in fact, claimed for the new Pontiac engine, that it is surpassed in smoothness by only one car in the whole industry—a car far above Pontiac in cost. The power plant is so capable that only 55 per cent of its available power is required at a road speed of sixty-five miles an hour.

For the purpose of naming a delegation to interview the government with a view to having legislation enacted at the present session to govern the wholesale price of milk, a meeting of dairy farmers will be held at the City Temple, on Friday afternoon next, March 2, at 2 o'clock. J. W. Filmer, secretary of the Victoria and Saanich Farmers and Dairyman's Association, stated this morning that an invitation to attend the meeting is extended to all dairy farmers on the southern part of Vancouver Island.

KNEE ACTION CAR FEATURE

Chevrolet Has Many Improvements in Models Being Offered Public This Year

The Chevrolet Six for 1934, perhaps the most extensively improved annual model since this car was stepped up to six cylinders, is on display at the Motor Show. The new Chevrolet has an eighty-horsepower engine which, according to General Motors of Canada Limited, is the most powerful and efficient ever to be placed in a Chevrolet. The power plant, incidentally, is of a most interesting type and is the outcome of three solid years of research and testing. The purpose of all this was to provide smoothness and quietness, and the results seem to be really remarkable.

Besides flashing performance from the new engine, the Chevrolet presents a number of distinct chassis improvements, most interesting of which is the new knee-action front wheel suspension of a type which contributes to a comfort in riding never before thought possible in a motor car. This independent front wheel springing gives not only improved riding but a host of other advantages. Steering stability is greatly improved and wheel fligt completely eliminated.

A new distribution of weight, in which the engine is located far forward and the rear-seat passengers sit slightly in front instead of above the rear axle, combines with "knee-action" to make the ride of the new 1934 Chevrolet astonishingly smooth, comfortable and enjoyable.

In appearance, the sleekness which has been a feature of recent Chevrolet is further accentuated by an increase to 112-inch wheelbase and in the treatment of the car design itself. The 1934 line of passenger cars again features Fisher no-draft ventilation in all closed body types. All bodies are approximately 3½ inches longer, with the roof lengthened 1½ inches and 2 inches added to the width of the closed body front doors. On the interior of the closed bodies the increased overall length is divided to provide more leg room in the front, and 2½ inches more in the rear seat.

VICTORIA ARTISTS HEARD AT DUNCAN

Music lovers of Duncan were delighted on Thursday afternoon by the playing of two Victoria artists, Smyth Humphreys, violinist, and Macquinn Daniels, pianist, who were heard in a violin-piano recital. These two artists were assisted by the newly-formed Duncan Ladies' Choir, under the conductorship of Capt. Wilfrid Ord, also of Victoria.

The programme was opened with the "Sonata in A," by Cesar Franck, in which both Mr. Humphreys and Miss Daniels showed fine musical ability. Macquinn Daniels' piano group showed good technical ability and a sincere musical understanding. She was greatly appreciated in the Chopin Impromptu in F sharp minor.

Smyth Humphreys, who is well known here as a violinist, was extremely pleasing in his violin group. His playing has fine musical feeling and is well marked by a beautifully clear tone. Miss Daniels was his accompanist.

The choir, under Capt. Wilfrid Ord, is indebted for a part of its training to E. B. Nash of Duncan. They sang two groups, in which they showed a ready response to their conductor.

Two readings were included by Capt. Ord, "Forty Singing Seamen," by Noyes, and an extract from Shakespeare's "Julius Caesar."

Not more than thirty years ago, the horse and carriage, or the country farm wagon, was usually the vehicle on which the family depended for transportation to the evening's dance or entertainment. Mildred took along overcoats to preserve her dainty dancing slippers.

The horse-drawn method has long been superseded by high-powered automobiles of comfort, which keep lady's dress from being crushed, and deliver her perfectly serene, whatever the weather. But even the motor car is passing into the discard for this purpose, as Mr. and Mrs. Walter J. Newburn of Seattle testified Saturday night. They flew here from the Sound City to attend the midwinter golf cabaret at the Empress Hotel. Piloted by Lee V. Cox of the Norge Corporation, Detroit, they took just forty minutes en route and dropped down at Lansdowne Field. Shortly afterwards they were tripping the light fantastic at the Empress. Mr. and Mrs. Newburn returned to Seattle yesterday with Mr. Cox.

John B. Moore, late of Pittsfield, Penn., died October 1, 1928, \$580,445. Letty Ann Cherry, late of Esquimalt, died April 10, 1933, \$4,460.

Frederick Ambrose Osborne Peel, late of Victoria, died December 21, 1933, \$1,239.

Robert Muralit Heints, late of Victoria, died January 10, 1934, \$12,073. Claram Baker, late of Victoria, died January 13, 1934, \$6,266.

Andrew Hamilton English, probate awarded; British Columbia estate, \$5,100.

Frank Seré, late of Victoria, died December 4, 1933, \$52,303.

Henry Moore Bell, late of Vancouver, died November 11, 1933, \$7,612.

Muriel Daly of Cobble Hill, died September 13, 1933, \$32,302.

Helen Pitchford, late of Gordon Head, died November 17, 1933, \$3,850.

Edward Arthur Fitchell, late of Victoria, died October 25, 1933, \$17,050.

Sophia Clayton Haley, late of Victoria, died March 21, 1929, \$1,944.

ATTRACTIVE NEW FORD MODEL FOR 1934

Most popular of the new Ford V-8 cars for 1934 is the deluxe Tudor sedan, illustrated above. Unusual roominess, together with the wide door, which gives access to both passenger compartments, makes it ideal for family use. The new Fords are fitted with a built-in system of clean-vision body ventilation, which provides the desired amount of fresh air in all weathers.

Joseph Field, late of Victoria, died at Victoria, January 11, 1934, \$5,879. Thomas Dresser, late of Victoria, died on or about January 26, 1929, \$2,226. Joseph Henry Benning, late of Victoria, died January 21, 1934, \$5,360. Washington W. Scott, late of Denman Island, died January 24, 1934, \$4,284. Annie Calhoun, late of San Diego, Cal., died September 26, 1932, \$10,478.

if you are interested in saving 50c out of every \$1 in delivery costs!

Each month you see increasing numbers of British-built Austin commercial cars on Canadian roads. Why? Simply because these Austin vehicles provide an unapproached efficiency and economy in all fields of package delivery.

The Austins illustrated in this advertisement will do the work your present equipment is doing on half, or less than half, your present expenditure. They cost less to own—less to operate—less to maintain.

Their speedy, low cost efficiency and long life is the product of traditional British dependability. With design adapted to Canadian conditions, these Austins are backed by a 12 months' guarantee. Service facilities are being extended from coast to coast.

See these Austins at the Motor Show and learn how they have actually cut delivery costs by half and more for scores of business concerns.

Plane Brings Pair to Dance

Seattle Couple Use Aerial Taxi to Reach Midwinter Golf Cabaret and Return

Not more than thirty years ago, the horse and carriage, or the country farm wagon, was usually the vehicle on which the family depended for transportation to the evening's dance or entertainment. Mildred took along overcoats to preserve her dainty dancing slippers.

The horse-drawn method has long been superseded by high-powered automobiles of comfort, which keep lady's dress from being crushed, and deliver her perfectly serene, whatever the weather. But even the motor car is passing into the discard for this purpose, as Mr. and Mrs. Walter J. Newburn of Seattle testified Saturday night. They flew here from the Sound City to attend the midwinter golf cabaret at the Empress Hotel. Piloted by Lee V. Cox of the Norge Corporation, Detroit, they took just forty minutes en route and dropped down at Lansdowne Field. Shortly afterwards they were tripping the light fantastic at the Empress. Mr. and Mrs. Newburn returned to Seattle yesterday with Mr. Cox.

now selling the PLYMOUTH SIX

The only Lowest Priced car with all these vital features—Individual Front Wheel Springing—Floating Power—Plus Hydraulic Brakes—All Steel Body—X-Type Girder Truss Frame.

Plymouth is the only lowest priced car that gives you Independent Front Wheel Springing—plus patented Floating Power engine mountings—the greatest comfort combination ever offered at so low a price.

The new 77 horsepower engine with Floating Power engine mountings gives Plymouth a quicker pick-up than ever with the same freedom from vibration at all speeds. Alloy steel valve inserts, T slot pistons and five bearing crankshaft give Plymouth longer wear—cut down both maintenance and repair bills.

No other lowest priced car is equipped with Hydraulic Brakes—Plymouth's hydraulic brakes are always self-equalized. There's no chance of three-wheel braking because they can't become unequalized. They bring you to a stop quickly, easily and safely in any weather.

All-steel bodies (reinforced with steel) combined with the rigid X frame with box channel sections together with hydraulic brakes, make the greatest safety combination in motordom. This combination is not found in other lowest price cars.

The Plymouth De Luxe brings you larger Air Wheel tires which iron the last wrinkle out of the road . . . Oilite spring inserts which give a smoother ride and prevent springs squeaking—never need oiling . . . Three way ventilation which gives you complete control over wind and weather—you can please yourself with anything from a gentle breeze to a gale—without danger of drafts.

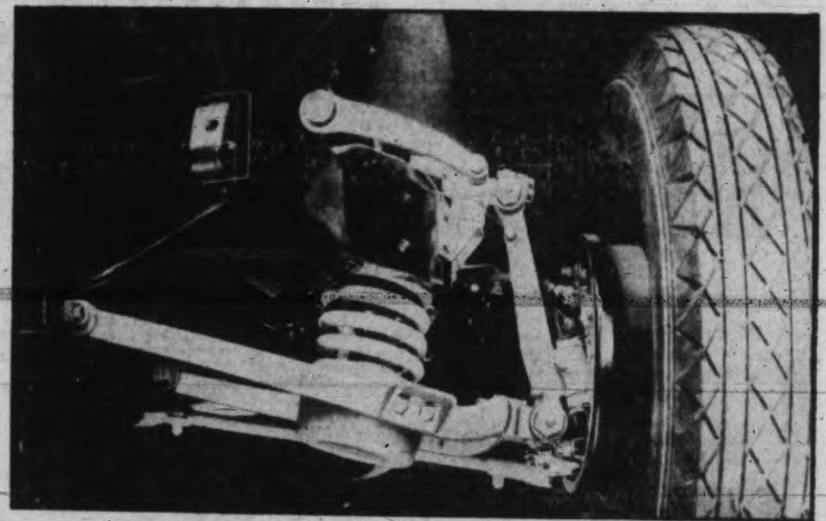

Plymouth has everything—comfort—performance and safety. More vital features than any other car in its price class . . . See it . . . drive it . . . compare it . . . buy it . . . enjoy it for years to come.

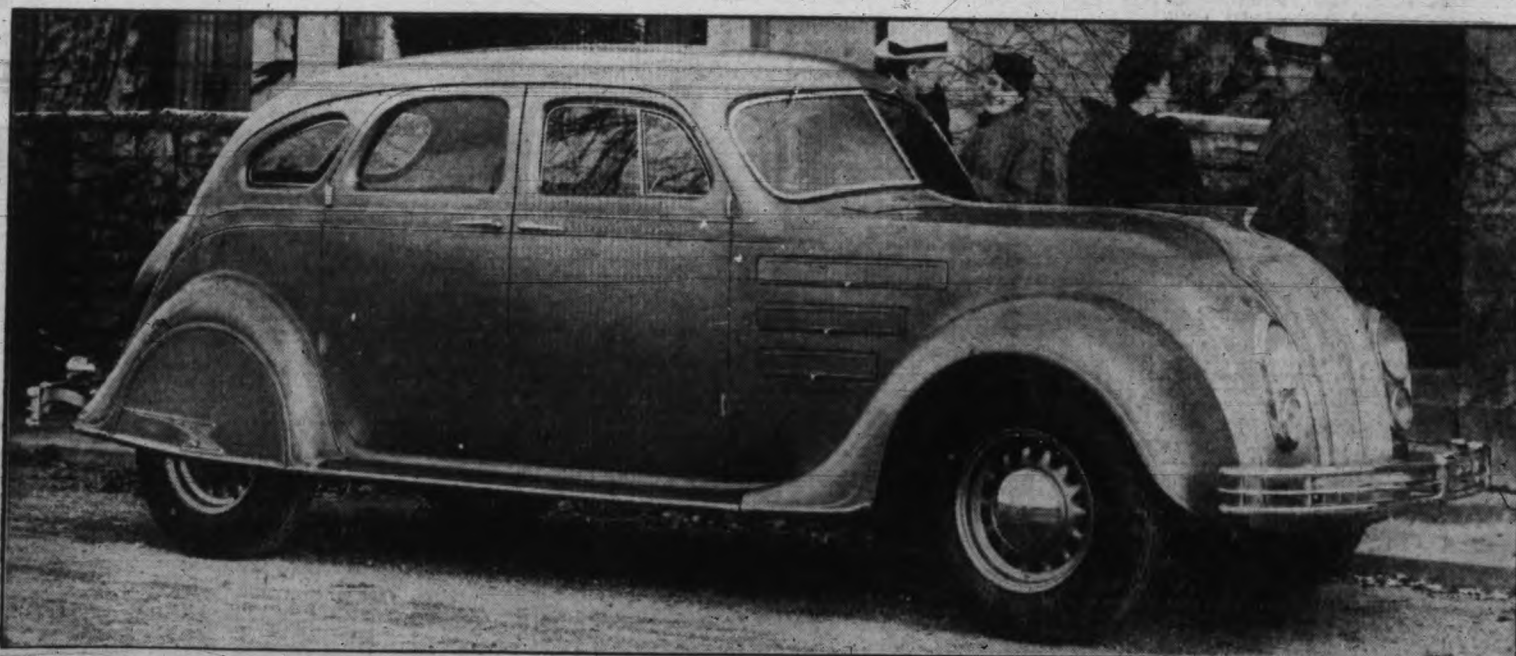

VENTILATION WITHOUT DRAFTS. In the De Luxe Plymouth models complete ventilation control is obtained through this combination of vane and sliding pane. You can let the entire window down, or let down one-half, or scoop the air in gently with the butterfly vane.

NO FIGHTING THE WIND with Plymouth's "coil-wind" windshield. A twist of the wrist gives the exact amount of wind you desire. Due to centre mounting and constant spring pressure, there is no rattling. Note full-vision dash board complete with temperature gauge.

PLYMOUTH'S NEW INDEPENDENT FRONT WHEEL SPRINGING gives the smoothest ride in the lowest priced field. Soft coil springs of specially processed molybdenum steel take up shocks without transmitting them to the frame or body. Tests equivalent to ten years constant driving have failed to wear them out. Special jack lugs, conveniently placed, make tire changing simple.

The Most Exciting Car in Years

If ever a motor car was packed with news, it is the new Airflow Chrysler! . . .
 A new kind of beauty . . . a new kind of ride . . . a new measure of roominess . . . a new efficiency in cleaving the air . . . a new standard of strength and safety!
 A car so honestly and sincerely streamlined that rain runs uphill on the windshield . . . that mud and dust never gather on its rear panels.
 A car with a ride so smooth that any sort of road seems a perfect road . . . a car that turns bumps into ripples, and makes ripples disappear. A car of which it can truly be said . . . "You can read or write in comfort at speeds in excess of ninety miles an hour."
 A car with seats like divans, front and rear . . . a car that carries six passengers in comfort such as no previous car ever provided for five . . . a car with enough extra room for a great big inside compartment for luggage.
 A car that looks like a projectile and is built like a bridge . . . that surrounds its passengers with a safe, rigid framework of steel.
 A car scientifically built to the laws of dynamic balance . . . that cradles its passengers at the centre of balance—the natural point of minimum movement. A car with weights so distributed that spring action is slowed and softened to a gentle glide.
 In appointments, as well as engineering, the New Airflow Chrysler bids farewell to outworn habits and traditions. There is the spirit of tomorrow in its chromium-mounted seats . . . in the smart new upholstery fabrics . . . in the new washable dust-proof material that makes its interior roof treatment so refreshingly unusual and distinctive.
 No wonder so astute a commentator as Alexander Woollcott calls the Airflow Chrysler "the world's first sensible motor car." No wonder that Walter P. Chrysler himself describes his latest masterpiece as the first real motor car since the invention of the automobile.
